The Leather Boys Eliot George, Gillian Freeman, 1968 **Sidney J. Furie** Daniel Kremer, 2015-11-12 Known for his visual style as well as for his experimentation in virtually every genre of narrative cinema award winning director Sidney J Furie also has the distinction of having made Canada's first ever feature length fictional film in English *A Dangerous Age* 1957 With a body of work that includes *The Ipcress File* 1965 *Lady Sings the Blues* 1972 and *The Entity* 1982 he has collaborated with major stars such as Marlon Brando Frank Sinatra Robert Redford and Michael Caine and his films have inspired some of Hollywood's most celebrated directors including Stanley Kubrick and Quentin Tarantino In this first biography of the prolific filmmaker author Daniel Kremer offers a comprehensive look at the director's unique career Furie pioneered techniques such as improvisation in large scale film productions and sometimes shot his films in sequence to develop the characters from the ground up and improve the performers in the moment spontaneity Not only has Stanley Kubrick acknowledged that Furie's *The Boys in Company C* 1978 informed and influenced *Full Metal Jacket* 1987 but Martin Scorsese has said that he considers *The Entity* to be one of the scariest horror films of all time However Furie was often later criticized for accepting lowbrow work and as a result little serious study has been devoted to the director Meticulously researched and enhanced by Kremer's close relationship with the filmmaker this definitive biography captures the highs and lows of an exceptional but underexamined career taking readers behind the scenes with a director who was often ahead of his time

The Leather Boys Eliot George, 1967 **Imaginative Resistance, Queer Fiction and the Law** Aleardo Zanghellini, 2021-08-04

Imaginative Resistance Queer Fiction and the Law develops a novel account of how heteronormative sociolegal orders undermine the well being of same sex attracted people even when these normative orders may fall short of coercively interfering with their choices Queer well being is generally studied from psychological perspectives through the concept of minority stress Taking four texts of mid century Anglo American queer fiction as illustrative case studies this book argues in a philosophical rather than a psychological register that heteronormativity also affects queer well being in more intangible ways The central claim is that heteronormativity shackles the imagination it curtails no less the imaginative reach of authors of queer fiction than our ability engaged as we are in projects of self authorship to make believe personal futures in which same sex intimacy is brought to bear on our well being The book's central claim re works a concept central to the philosophy of fiction imaginative resistance and puts it into service of questions raised in moral philosophy Apart from its political and normative implications strengthening the case for at least some global gay rights and from challenging some of queer theory's orthodoxies the book also makes contributions to queer literary history criticism and biography Drawing on archival

material and personal interviews fresh readings are offered of Charles Jackson's *The Fall of Valor* 1946 Gillian Freeman's *The Leather Boys* 1961 and Patricia Highsmith's *The Price of Salt* 1952 and *The Talented Mr Ripley* 1955 making a case for their inclusion in the queer literary canon *Imaginative Resistance Queer Fiction and the Law* will appeal to students of literary criticism queer sociolegal history law literature the philosophy of fiction and queer theory politics and ethics
