The Letter on Apologetics, and History and Dogma Maurice Blondel, 1964 **The Letter on Apologetics, and History and Dogma** Maurice Blondel, 1964 Maurice Blondel, Social Catholicism, and Action Française Peter J. Bernardi, 2009 This work casts light on contemporary arguments over social Catholicism and the believer's role in society by illuminating a similar dispute among French Catholics during the Modernist Crisis 1909-1914 Reason, Revelation, and Metaphysics Montague Brown, 2020-11-06 Any realist metaphysics must include an integrated account of the transcendentals and the analogy of being for an adequate metaphysics must be about everything and all things share in some key metaphysical characteristic being unity truth goodness and beauty However they do not share in them in exactly the same way Therefore there is need to explain the transcendental characteristics in an analogical way By using the phrase transcendental analogies Reason Revelation and Metaphysics claims that there are analogies of unity truth goodness and beauty which are related to but irreducible to the analogy of being As this book is a systematic study of the topic theoretical reason has primacy in the project and metaphysics is given pride of place But reason is practical and aesthetic as well that is our consciences urge us to seek what is good and we are delighted by what is beautiful Although goodness and beauty are not reducible to truth they must be included in any adequate metaphysical account for metaphysics looks to explain everything Although metaphysics is traditionally thought to be a philosophical project involving ontology and natural theology Montague Brown argues that an adequate metaphysics must ultimately be theological including within its scope the truths of revelation Philosophical reason's examination of the transcendental analogies raises questions that it cannot answer We experience a world of many beings truths goods and beauties Recognizing that these many instances have something in common we affirm a transcendent instance of each traditionally called God However although we know that a transcendent instance exists we do not know its nature therefore we cannot say how it is related to the other instances If we try to apply this transcendent instance as the prime analogate to shed light on the other analogates we must fail for the abstractness and universality of the transcendent instance can add nothing to our understanding of the particular instances Wanting to know how the many exist and are related philosophical reason finds no way forward and recognizes its need for help It is the thesis of this book that reason finds this help only in the revelation of the God's covenantal relation with the world The first principle of all things most perfectly revealed in Jesus Christ perfect God and perfect man is really and freely related to us Only by accepting this revealed prime analogate can the transcendental analogies bear fruit in our ongoing quest for understanding **Apologetics at the Cross** Joshua D. Chatraw, Mark D. Allen, 2018-05-15 2019 Outreach Magazine Resource of the Year Apologetics 2018 The Gospel Coalition Book Award Evangelism rather than anger arrogance and aggression Chatraw and Allen equip Christians to engage skeptics with the heart as well as the mind Conversational in tone and balanced in approach Apologetics at the Cross provides a readable introduction to the field of apologetics You'll be

informed and equipped for engaging a wide range of contemporary challenges with the best in Christian thought **The Letter on Apologetics, And, History and Dogma** Maurice Blondel,1995-01 **Christian Apologetics** Douglas Groothuis,2022-02-08 The Christian faith offers people hope But how can we know that Christianity is true How can Christians confidently present their beliefs in the face of doubts and competing views In this second edition of a landmark apologetics text Douglas Groothuis makes a clear and rigorous case for Christian theism addressing the most common questions and objections raised regarding Christianity **Studies in the History of Christian Apologetics** James Macgregor,1894 The Revelation of the Glory Frans Jozef van Beeck,1993 This series presents a theological system in the Catholic tradition that is superbly organized and clearly articulated **The Struggle of the Unbeliever** James J.
