*The Liberation of Allyson Brown* Helen Godfrey Pyke, **Adventist Review**, 1999 *Urban Displacement and Trade in a Senegalese Market* Gunvor Jónsson, 2024-03-07 The Malian market at the railway terminus in Dakar was bulldozed in 2009 and following privatisation of the railway passenger services in Senegal soon ceased altogether. The consequences were felt especially by women traders who had travelled the line since its inauguration making the terminus in Dakar the centre of a thriving network of traders and migrants. To examine the fates of those whose livelihoods were destroyed or disrupted Gunvor Jónsson spent a year with the women evicted from the terminus. *Urban Displacement and Trade in a Senegalese Market* explores what happens at the end of urban displacement when it is all over so as to speak when the dust has settled and people find themselves scattered in sometimes unfamiliar surroundings trying to pick up the pieces and create something meaningful. This book argues that rupture and ensuing displacement do not produce a clean slate where identities networks and histories must be produced from scratch. Traders and their markets do not simply vanish into thin air when they are evicted. The book examines not only what is lost but what emerges when a dense node such as the terminus is dissolved and fragmented. The ethnography of the traders reveals that the aftermath of eviction in cities may lead to diasporic forms of consciousness and identity formations. Displacement whether on a local or global scale demands difficult adjustments and people's capacities to adapt to new circumstances and environments vary. This book uncovers some of these different capacities and variations in traders' reactions to displacement. *Praise for Urban Displacement and Trade in a Senegalese Market* Jónsson's book is a masterful study of the aftermath of displacement in a major African city. Through deep ethnographic engagement the book shows how displacement is about more than leaving a place it is also about how people rebuild livelihoods and how the space left behind continues to haunt their imagination of a meaningful life. Hélène Neveu Kringelbach, UCL. This book is an inspiring tribute to the Malian women traders of Senegal. Emptied out from their old market stalls by a vainglorious development scheme they bravely regrouped to recover their livelihoods and protect their families. Gunvor Jónsson challenges the idea that displacement only involves refugees. Instead she creatively marries studies of migration and urbanization providing fresh insights to both fields. *Robin Cohen University of Oxford* **Why Can't I Do School?** Helen Godfrey Pyke, 2000 **1998 Writer's Market** Kirsten C. Bluegrass Breakdown is an expansive foray into the makings of bluegrass More than any other book of its kind it gets to the roots of a uniquely American music that is deeply linked to working class ideals and romanticism Robert Cantwell engages the historical background commercial origins internal workings and cultural and social significance of popular old time music to provide a unique musicological and sociological perspective Well versed in the history of the tradition and equally as interested in those who listen to the music as in those who create it Cantwell links bluegrass to its hillbilly roots in

Appalachia and shows how the music was transformed by African American folk traditions the influence of jazz ragtime blues and country music and the growth of radio and recording technology    *A Cultural Symbiosis* Klazina D. Botke, Henk Th. van Veen, 2021-12-15 The history of the Florentine patriciate did not end with the establishment of the Medici Duchy and Grand Duchy of Tuscany Proud and self confident these patricians were not subservient courtiers on the contrary they continued to exert a considerable influence on Florentine culture and politics for centuries The patrician class in sixteenth century Florence were the descendants of wealthy sophisticated and politically savvy families who while acquiring noble titles estates and villas retained their long standing urban identity The mark they left on the city's cultural and artistic life was embraced by the Medici who used their political and diplomatic knowhow elaborate artistic commissions and European networks to enhance their power and prestige *A Cultural Symbiosis* highlights the contributions to Florentine art and culture of eight patricians focusing on the Valori Pucci Ridolfi Vecchietti del Nero Salviati Guicciardini and Niccolini families    *Trudeau's Shadow* Andrew Cohen, J.L. **War, States, and International Order** Claire Vergerio,2022-08-04 Who has the right to wage war The answer to this question constitutes one of the most fundamental organizing principles of any international order Under contemporary international humanitarian law this right is essentially restricted to sovereign states It has been conventionally assumed that this arrangement derives from the ideas of the late sixteenth century jurist Alberico Gentili Claire Vergerio argues that this story is a myth invented in the late 1800s by a group of prominent international lawyers who crafted what would become the contemporary laws of war These lawyers reinterpreted Gentili's writings on war after centuries of marginal interest and this revival was deeply intertwined with a project of making the modern sovereign state the sole subject of international law By uncovering the genesis and diffusion of this narrative Vergerio calls for a profound reassessment of when and with what consequences war became the exclusive prerogative of sovereign states
