Teaching Equality:

Education for Everyday Life Carl Anders Säfström, 2023-10-21 This book examines the role of teaching within public education. It critiques its function in today's educational policies and theories and establishes an alternative way of understanding teaching. It explores teaching from within a Sophist tradition of educational practice and thought. The first part of the book discusses the vital link between public education and democracy, the shifts in schooling's role in fostering competition and comparisons at the cost of social responsibility and democratisation. It identifies the driving force of those shifts as forces of aggression and destruction central to a neoliberal ideology. The second part of the book argues for a practice of Sophistical teaching rather than Socratic teaching. It explores in depth what it could mean to be teaching in an up-to-date sophist tradition of educational thought and practice. The book also includes insights for teaching to counter aggressive forces of nationalism, racism, and late capitalism's violence and the escalating climate crisis. Readers will be able to understand teaching within educational thought and precisely how different teaching forms can contribute to education as democratisation.

Handbook of Research on Applied Learning Theory and Design in Modern Education Railean, Elena, 2015-11-09 The field of education is in constant flux as new theories and practices emerge to engage students and improve the learning experience. Research advances help to make these improvements happen and are essential to the continued improvement of education. The Handbook of Research on Applied Learning Theory and Design in Modern Education provides international perspectives from education professors and researchers, cyberneticists, psychologists, and instructional designers on the processes and mechanisms of the global learning environment. Highlighting a compendium of trends, strategies, methodologies, technologies, and models of applied learning theory and design, this publication is well suited to meet the research and practical needs of academics, researchers, teachers, and graduate students, as well as curriculum and instructional design professionals.

Equitable and Inclusive School Education Bharti Kaushik, 2024-12-31 This book highlights the strategies and approaches to the practice of equitable and inclusive school education, elaborating the role of various stakeholders such as teachers, special educators, parents, peers, teacher educators, educational administrators, and Ed tech firms. The aim of this book is to create an understanding of equitable and inclusive school education which is not restricted to children with disabilities but also includes children with different learning needs, as well as those from socially and economically disadvantaged sections of society. The focus is on presenting practical strategies that are grounded in theory and supported with research. The significance of screening at the classroom level, development of need-based accessible learning teaching materials, customizing the pedagogy practices for inclusive classrooms, need-based examination accommodations, leveraging the potential of Information and Communication Technology (ICT) to elicit the participation of all, and collaborative efforts toward realizing the optimum potential of each learner are a few basic ideas illustrated in the book with examples. The volume also discusses recent national and international policies for equitable and inclusive education.

recommending courses of action for effective implementation of the existing provisions by teachers and educators The book will be useful to students researchers teacher educators special educators special education teacher educators pre service teachers and parents It will also be an invaluable companion to in service teachers policymakers and educational administrators curriculum developers and NGOs working in the field of inclusive education *Resources in Women's Educational Equity* ,1979 Literature cited in AGRICOLA Dissertations abstracts international ERIC ABI INFORM MEDLARS NTIS Psychological abstracts and Sociological abstracts Selection focuses on education legal aspects career aspects sex differences lifestyle and health Common format bibliographical information descriptors and abstracts and ERIC subject terms used throughout Contains order information Subject author indexes **Equality in Education** Kathleen Lynch,1999 A text for students of education and sociology with up to date data on equality in education in Ireland *Exploring Educational Equity* ,1981 **Equality and Diversity in Education 1** Felicity Armstrong,Mary Masterton,Patricia Potts,2013-10-08 Designed to accompany the Open University course Developing Intensive Curricula Equality and Diversity in Education Vol 1 will appeal to research students undertaking research in the area of education focusing on special needs **Handbook for Achieving Gender Equity Through Education** Susan S. Klein,Barbara Richardson,Dolores A. Grayson,Lynn H. Fox,Cheris Kramarae,Diane S. Pollard,Carol Anne Dwyer,2014-05-22 First published in 1985 the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education This new expanded edition provides a 20 year retrospective of the field one that has the great advantage of documenting U S national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX the landmark federal law prohibiting sex discrimination in education equity programs and research Key features include Expertise Like its predecessor over 200 expert authors and reviewers provide accurate consensus research based information on the nature of gender equity challenges and what is needed to meet them at all levels of education Content Area Focus The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters including mathematics science and engineering Global Diversity Focus Global gender equity is addressed in a separate chapter as well as in numerous other chapters The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans Latina os Asian and Pacific Island Americans American Indians gifted students students with disabilities and lesbian gay bisexual and transgender students Action Oriented All chapters contain practical recommendations for making education activities and outcomes more gender equitable A final chapter consolidates individual chapter recommendations for educators policymakers and researchers to achieve gender equity in and through education New Material Expanded from 25 to 31 chapters this new edition includes more emphasis on male gender equity and on sexuality issues special within population gender equity challenges race ability and disability etc coeducation and single sex education increased use of rigorous research strategies such as meta analysis showing more sex similarities and fewer sex differences and of evaluations

of implementation programs technology and gender equity is now treated in three chapters women s and gender studies communication skills relating to English bilingual and foreign language learning and history and implementation of Title IX and other federal and state policies Since there is so much misleading information about gender equity and education this Handbook will be essential for anyone who wants accurate research based information on controversial gender equity issues journalists policy makers teachers Title IX coordinators equity trainers women s and gender study faculty students and parents

Education Equity Saskatchewan Human Rights Commission,1985 **Equality and Diversity in Education: National and international contexts** Patricia Potts,Felicity Armstrong,Mary Masterton,1995 **Toward Gender Equity in the Classroom** Janice Streitmatter,1994-01-01 Drawing on conversations with and observations of eight pre school through high school teachers presents aspects and issues of gender equity in teaching rather than in learning emphasizing the contrast between the teachers beliefs and their practice Explores how the educational institutions contribute to gender socialization and how teachers ca
