semitism in the classroom Exploring international perspectives on holocaust education Teaching the Holocaust in School History Lucy Russell,2006-08-17 If we expose students to a study of human suffering we have a responsibility to guide them through it But is this the role of school history This issue is the rationale behind teaching the Holocaust primarily historical moral or social Is the Holocaust to be taught as a historical event with a view to developing students critcal historical skills or as a tool to combat continuing prejudice and discrimination These profound questions lie at the heart of Lucy Russell s fascinating analysis of teaching the Holocaust in school history She considers how the topic of the Holocaust is currently being taught in schools in the UK and overseas Drawing on interviews with educationalists academics and teachers she discovers that there is in fact a surprising lack of consensus regarding the purpose of and approaches to teaching the Holocaust in history Indeed the majority view is distinctly non historical there is a tendency to teach the Holocaust from a social and moral perspective and not as history This book attempts to explain and debate this phenomenon Holocaust Education E.
