fundamental to children's language development and learning. The need for teachers to develop talk in its own right and also use talk as a means of learning is central to effective primary practice. In the past, Initial Teacher Education and CPD have focused on literacy reading and writing to the detriment of speaking and listening. However, research strongly supports talk as fundamental to learning and teaching. It has also been identified as an area where teachers feel less confident. This fully updated third edition of *Unlocking Speaking and Listening* tackles key issues surrounding spoken language with rigour, depth and a strong focus on research, providing education professionals with clear practical strategies for engaging in purposeful talk while also celebrating children's implicit understanding and love of the spoken word. Drawing on recent classroom research, *Unlocking Speaking and Listening* considers what children and teachers need to know in order to develop as effective speakers and listeners. The book addresses Planning and assessing talk, Drama and storytelling, Working with EAL children, Developing talk in Science and Mathematics, Special educational needs, Using technology to enhance children's communication. Two new chapters on the importance of talk to underpin children's reading development are also included. With contributions from experts in the field, this vital and fully updated resource will help both trainee and practising primary teachers understand and promote the importance of speaking and listening as an effective tool for learning across the primary curriculum.

***One Step at a Time*** Ann Locke, Don Locke, 2006. A unique tried and tested programme that identifies the spoken language skills that are crucial for children's educational progress, introduces these skills one at a time, week by week, term by term, year by year, sets out realistic teaching objectives and classroom procedures, supports differentiated teaching by providing simple methods for monitoring individual development and reviewing progress, provides a complete set of photocopiable planning materials. Using a mixture of whole class teaching, small group work and individual interaction, each step of the *One Step at a Time* programme focuses on one set of skills that is crucial for progress: Conversation, Nursery Listening, Reception Narrative, Year 1 Discussion, Year 2 There is also a preliminary step, *Getting Started*, for nursery children who are not ready for systematic work on conversation. *One Step at a Time* is specially designed to support the wider school curriculum and combine with other teaching programmes, making high quality spoken language teaching manageable within existing resources without specialist training.
