The Beast From The East:

The Identities of the Beast from the Sea and the Beast from the Land in Revelation 13 Joseph Poon, 2017-03-13 This book aims to identify the beast from the sea and the beast from the land in Revelation 13 by studying their unique link together with the dragon in Revelation 12 the land beast is subordinate to the sea beast which in turn is subordinate to the dragon The early sections of the book provide a review of previous scholarship the influence of Daniel 7 in understanding Revelation 13 and the Leviathan Behemoth motif in several apocalyptic writings The core of the book however seeks to demonstrate that the relationship of the two beasts and the dragon fits well with the tripartite hierarchy that Georges Dumézil has discovered as one of the dominant structures of relationships in Indo European mythological traditions In congruence with the criteria of the three hierarchical levels in Dumézil's system the dragon concerns the ultimate sovereignty in a supernatural sphere while the sea beast and land beast are found respectively as a warlike figure in a war context and as a figure relating to the economic theme Based on this finding the book concludes that the two beasts represent the imperial power and the imperial cult as most commentators believe

is an unflinching photographic record of the epic effects of a violent climate from the earliest extinction events to the present in which we witness climate chaos forced by unnatural global warming It uses often emotional and moving imagery to drive home the enormity of climatic events offering a sweeping acknowledgment of our crowded planet s heartbreaking vulnerability and show stopping beauty **The Eastern Bear** Robin Lee Cooksey, The Antichrist Vincent P.
