**The Beatles** ,1999 The ultimate visual and cultural history of the Beatles      **The Beatles Celebration** ,1999

Fandom and the Beatles Kenneth Womack,Kit O'Toole,2021 More than 50 years after their breakup the Beatles are still attracting fans from various generations all while retaining their original fan base from the 1960s Why have those first generation fans continued following the Beatles and are now introducing their grandchildren to the group Why are current teens affected by the band s music And perhaps most importantly how and why do the Beatles continue to resonate with successive generations Unlike other bands of their era the Beatles seem permanently frozen in time having never descended into nostalgia act territory Instead even after the announcement of the band s breakup in 1970 the group has maintained its cultural and musical relevance Their timeless quality appeals to younger generations while maintaining the loyalty of older fans While the Beatles indeed represent a specific time period their music and words address issues as meaningful today as they were during the Summer of Love politics war sex drugs art and creative liberation As the first anthology to assess the nature of fan response and the band s enduring appeal Fandom and the Beatles The Act You ve Known for All These Years defines and explores these unique qualities and the key ways in which this particular pop fusion has inspired such loyalty and multigenerational popularity      THE BEATLES AND ME ON TOUR: 60th Anniversary Edition Ivor Davis,2024-02-09 Foreign correspondent Ivor Davis was embedded with the Beatles on their triumphant 1964 North American tour as the only daily newspaper reporter to travel with them from start to finish Rock and Roll history was writ large Criss crossing North America on their private jet in limo number two Davis sped from airport to hotel to venue and was given astonishing 24 7 access to John Lennon Paul McCartney George Harrison and Ringo Starr He was George s ghostwriter and in his award winning 60th Anniversary book The Beatles and Me on Tour Davis dishes up new riveting funny behind the scenes stories that only an insider knows When King Elvis Presley met the Beatles in 1965 Ivor was in the room where it happened When Bob Dylan introduced them to high grade pot Davis was there Joan Baez Mick Jagger Charles Manson Tom Jones The Beach Boys and Muhammed Ali all play walk on roles in this unprecedented true story      New Critical Perspectives on the Beatles Kenneth Womack,Katie Kapurch,2016-06-09 The Beatles are probably the most photographed band in history and are the subject of numerous biographical studies but a surprising dearth of academic scholarship addresses the Fab Four New Critical Perspectives on the Beatles offers a collection of original previously unpublished essays that explore new aspects of the Beatles The interdisciplinary collection situates the band in its historical moment of the 1960s but argues for artistic innovation and cultural ingenuity that account for the Beatles lasting popularity today Along with theoretical approaches that bridge the study of music with perspectives from non music disciplines the texts under investigation make this collection new in terms of Beatles scholarship Contributors frequently address under examined Beatles texts or present critical perspectives on familiar works to produce new insight about the Beatles and their multi generational audiences      Beatlesongs William J.

Dowling,2009-09-29 A complete and fascinating chronicle of Beatles music and history Beatlesongs details the growth evolution and dissolution of the most influential group of our time Drawing together information from sources that include interviews insider accounts magazines and news wire services this is a complete profile of every Beatles song ever written from recording details such as who played which instruments and sang what harmonies to how each song fared on the charts and how other musicians and critics felt about it Chronologically arranged by U K release date Beatlesongs nails down dates places participants and other intriguing facts in a truly remarkable portrait of the Liverpudlian legends Behind each song is a story like Paul s criticism of George s guitar playing during the Rubber Soul sessions John s acid trip during the Sgt Pepper s session and the selection process for the Revolver album cover And carefully examined along the way are the Beatles evolving musical talents their stormy private lives and their successful and unsuccessful collaborations Beatlesongs is truly an inside look at the Fab Four and a treasure for all their fans

**The Beatles and Fandom** Richard Mills,2019-12-12 Sex death and nostalgia are among the impulses driving Beatles fandom the metaphorical death of the Beatles after their break up in 1970 has fueled the progressive nostalgia of fan conventions for 48 years the death of John Lennon and George Harrison has added pathos and drama to the Beatles story Beatles Monthly predicated on the Beatles good looks and the letters page was a forum for euphemistically expressed sexuality The Beatles and Fandom is the first book to discuss these fan subcultures It combines academic theory on fandom with compelling original research material to tell an alternative history of the Beatles phenomenon a fans history of the Beatles that runs concurrently with the popular story we all know
