## **The Berlin Wall:**

*Behind the Berlin Wall* Patrick Major,2009-11-26 Few historical changes occur literally overnight but on 13 August 1961 eighteen million East Germans awoke to find themselves walled in by an edifice which was to become synonymous with the Cold War the Berlin Wall This new history rejects traditional top down approaches to Cold War politics exploring instead how the border closure affected ordinary East Germans from workers and farmers to teenagers and even party members caught out by Sunday the Thirteenth Party police and Stasi reports reveal why one in six East Germans fled the country during the 1950s undermining communist rule and forcing the eleventh hour decision by Khrushchev and Ulbricht to build a wall along the Cold War's frontline Did East Germans resist or come to terms with immurement Did the communist regime become more or less dictatorial within the confines of the so called Antifascist Defence Rampart Using film and literature but also the GDR's losing battle against Beatlemania Patrick Major's cross disciplinary study suggests that popular culture both reinforced and undermined the closed society Linking external and internal developments Major argues that the GDR's official quest for international recognition culminating in Ostpolitik and United Nations membership in the early 1970s became its undoing unleashing a human rights movement which fed into but then broke with the protests of 1989 After exploring the reasons for the fall of the Wall and reconstructing the heady days of the autumn revolution the author reflects on the fate of the Wall after 1989 as it moved from demolition into the realm of memory

Rottman,2012-10-20 The border between East and West Germany was closed on 26 May 1953 On 13 August 1961 crude fences and walls were erected around West Berlin the Berlin Wall had been created The Wall encircled West Berlin for a distance of 155km and its barriers and surveillance systems evolved over the years into an advanced obstacle network The Intra German Border ran from the Baltic Sea to the Czechoslovak border for 1 381km and was where NATO forces faced the Warsaw Pact for the 45 years of the Cold War This book examines the international situation that led to the establishment of the Berlin Wall and the IGB and discusses how these barrier systems were operated and finally fell

[A City Torn Apart](#) ,2011 *What Was the Berlin Wall?* Nico Medina,Who HQ,2019-09-24 The Berlin Wall finally came down in 1989 Now readers can find out why it was built in the first place and what it meant for Berliners living on either side of it Here's the fascinating story of a city divided In 1961 overnight a concrete border went up dividing the city of Berlin into two parts East and West The story of the Berlin Wall holds up a mirror to post WWII politics and the Cold War Era when the United States and the USSR were enemies always on the verge of war The wall meant that no one from Communist East

Berlin could travel to West Berlin a free democratic area Of course that didn t stop thousands from trying to breech the wall more than one hundred of them dying in the attempt One East Berliner actually ziplined to freedom Author Nico Medina explains the spy vs spy politics of the time as well as what has happened since the removal of one of the most divisive landmarks in modern history **The Berlin Wall** Ernst Schürer,Manfred Erwin Keune,Philip Jenkins,1996 Although physically removed the Berlin Wall will continue to live on in history and in the pages of this anthology as a symbol of the struggle between the most powerful ideologies of the twentieth century *The Berlin Wall* Michael Burgan,2007-07 Chronicles the separation of East and West Berlin in the post World War II years and the closing of the borders on August 13 1961 when East Germany s Communist government stopped its citizens from fleeing to the West *Berlin Wall* Christine Zuchora-Walske,2014-01-01 This title examines an important historic event the Berlin Wall s division of the city of Berlin Germany from the building of the wall to its destruction Easy to read compelling text explores why the wall was built what it was like living in a divided city and why the wall was torn down Also discussed is the political context behind the wall including the events in Germany following World War II and the tensions between capitalism and communism during the Cold War Features include a table of contents glossary selected bibliography Web sites source notes and an index plus a timeline and essential facts Aligned to Common Core Standards and correlated to state standards Essential Library is an imprint of Abdo Publishing a division of ABDO **The Berlin Wall** Fred Taylor,2006 On the morning of August 13 1961 the residents of East Berlin found themselves cut off from family friends and jobs in the West by a tangle of barbed wire that ruthlessly cut a city of four million in two Within days the barbed wire entanglement would undergo an extraordinary metamorphosis it became an imposing 103 mile long wall guarded by three hundred watchtowers A physical manifestation of the struggle between Soviet Communism and American capitalism totalitarianism and freedom that would stand for nearly thirty years the Berlin Wall was the high risk fault line between East and West on which rested the fate of all humanity Many brave people risked their lives to overcome this lethal barrier and some paid the ultimate price In this captivating work sure to be the definitive history on the subject Frederick Taylor weaves together official history archival materials and personal accounts to tell the complete story of the Wall s rise and fall from the postwar political tensions that created a divided Berlin to the internal and external pressures that led to the Wall s demise In addition he explores the geopolitical ramifications as well as the impact the wall had on ordinary lives that is still felt today For the first time the entire world faced the threat of imminent nuclear apocalypse a fear that would be eased only when the very people the Wall had been built to imprison breached it on the historic night of November 9 1989 Gripping and authoritative The Berlin Wall is the first comprehensive account of a divided city and its people in a time when the world seemed to stand permanently on the edge of destruction

The Berlin Wall R. G. Grant,1998 Discusses the history of the Berlin Wall from its building through life with the tensions this barrier created to the destruction of the wall and life afterwards Also explains the broader themes of the second half of

the twentieth century the division and reunification of Germany the conflict and reconciliation between the USA and the Soviet Union the break up of the Soviet Union and other former communist countries Suggested level secondary

**The Path to the Berlin Wall** Manfred Wilke,2014-04-01 The long path to the Berlin Wall began in 1945 when Josef Stalin instructed the Communist Party to take power in the Soviet occupation zone while the three Western allies secured their areas of influence When Germany was split into separate states in 1949 Berlin remained divided into four sectors with West Berlin surrounded by the GDR but lingering as a captivating showcase for Western values and goods Following a failed Soviet attempt to expel the allies from West Berlin with a blockade in 1948 49 a second crisis ensued from 1958 61 during which the Soviet Union demanded once and for all the withdrawal of the Western powers and the transition of West Berlin to a Free City Ultimately Nikita Khrushchev decided to close the border in hopes of halting the overwhelming exodus of East Germans into the West Tracing this path from a German perspective Manfred Wilke draws on recently published conversations between Khrushchev and Walter Ulbricht head of the East German state in order to reconstruct the coordination process between these two leaders and the events that led to building the Berlin Wall

Where in the World is the Berlin Wall? Anna Kaminsky,2014-11-09 A symbol of freedom of the human strength of will and a relic of the Cold War Countless pieces of the Berlin Wall were scattered around the globe after the Wall fell in 1989 These pieces of Wall embody the Berliners fight for freedom More than 240 of these sections each weighing tonnes can be found in over 140 countries and on every continent They have been located for this book Amongst those who now own sections of the Wall are Japanese businessmen famous art collectors and all US Presidents from the last century There are some exciting and strange but also tragic stories behind the pieces of the Wall The stories in this book highlight the many ways in which the Wall has been used to commemorate the Berlin Wall and the Cold War

**The Collapse** Mary Elise Sarotte,2014-10-07 On the night of November 9 1989 massive crowds surged toward the Berlin Wall drawn by an announcement that caught the world by surprise East Germans could now move freely to the West The Wall infamous symbol of divided Cold War Europe seemed to be falling But the opening of the gates that night was not planned by the East German ruling regime nor was it the result of a bargain between either Ronald Reagan or George H W Bush and

Soviet leader Mikhail Gorbachev It was an accident In The Collapse prize winning historian Mary Elise Sarotte reveals how a perfect storm of decisions made by daring underground revolutionaries disgruntled Stasi officers and dictatorial party bosses sparked an unexpected series of events culminating in the chaotic fall of the Wall With a novelist s eye for character and detail she brings to vivid life a story that sweeps across Budapest Prague Dresden and Leipzig and up to the armed checkpoints in Berlin We meet the revolutionaries Roland Jahn Aram Radomski and Siggi Schefke risking it all to smuggle the truth across the Iron Curtain the hapless Politburo member G Schabowski mistakenly suggesting that the Wall is open to a press conference full of foreign journalists including NBC s Tom Brokaw and Stasi officer Harald J r holding the fort at the crucial border crossing that night Soon Brokaw starts broadcasting live from Berlin s Brandenburg Gate where the crowds are exulting in the euphoria of newfound freedom and the dictators are plotting to restore control Drawing on new archival sources and dozens of interviews The Collapse offers the definitive account of the night that brought down the Berlin Wall

*The Berlin Wall* Charles River Editors,2015-03-04 Includes pictures Includes accounts written about the construction and fall of the wall by people at the time Includes footnotes and a bibliography for further reading Includes a table of contents From Stettin in the Baltic to Trieste in the Adriatic an Iron Curtain has descended across the continent Behind that line lie all the capitals of the ancient states of Central and Eastern Europe Warsaw Berlin Prague Vienna Budapest Belgrade Bucharest and Sofia all these famous cities and the populations around them lie in what I must call the Soviet sphere and all are subject in one form or another not only to Soviet influence but to a very high and in some cases increasing measure of control from Moscow Winston Churchill 1946 This is a historic day East Germany has announced that starting immediately its borders are open to everyone The GDR is opening its borders the gates in the Berlin Wall stand open German anchorman Hans Joachim Friedrichs Though it never got hot the Cold War was a tense era until the dissolution of the USSR and nothing symbolized the split more than the Berlin Wall which literally divided the city Berlin had been a flashpoint even before World War II ended and the city was occupied by the different Allies even as the close of the war turned them into adversaries After the Soviets blockade of West Berlin was prevented by the Berlin Airlift the Eastern Bloc and the Western powers continued to control different sections of the city and by the 1960s East Germany was pushing for a solution to the problem of an enclave of freedom within its borders West Berlin was a haven for highly educated East Germans who wanted freedom and a better life in the West and this brain drain was threatening the survival of the East German economy In order to stop this access to the West through West Berlin had to be cut off so in August 1961 Soviet premier Nikita Khrushchev authorized East German leader Walter Ulbricht to begin construction of what would become known as the Berlin Wall The wall begun on Sunday August 13 would eventually surround the city in spite of global condemnation and the Berlin Wall itself would become the symbol for Communist repression in the Eastern Bloc It also ended Khrushchev s attempts to conclude a peace treaty among the Four Powers the Soviets the Americans the United Kingdom and France and the two German states The wall would serve

as a perfect photo opportunity for two presidents Kennedy and Reagan to hammer the Soviet Communists and their repression but the Berlin Wall would stand for nearly 30 years isolating the East from the West It is estimated about 200 people would die trying to cross the wall to defect to the West Things came to a head in 1989 With rapid change throughout Europe the wall faced a challenge it could not contain the challenge of democracy s spread On the night of November 9 1989 the Berlin Wall was effectively removed from the midst of the city it so long divided It was removed with pick axes and sledgehammers but also removed from the hearts and minds of the people on both sides who only hours before had thought the wall s existence insurmountable As one writer put it No border guard no wall can forever shield repressive regimes from the power of subversive ideas from the lure of freedom The fall of the Berlin Wall is often considered the end of the Cold War and the following month both President Bush and Gorbachev declared the Cold War over but the Cold War had been thawing for most of the 1980s President Reagan is remembered for calling the Soviet Union an evil empire and demanding that Gorbachev tear down the wall but he spent the last several years of his presidency working with the Soviet leader to improve relations The end of the Soviet Union came when Gorbachev resigned on December 25 1991 The Soviet Union formally dissolved the next day

**The Berlin Wall** Debbie Levy,2004 In 1961 the German city of Berlin became ground zero in the struggle between the Communist and democratic worlds when Communist East Germany began building a wall to divide the city in half The 100 mile Berlin Wall created an awful if awesome scar across the landscape of Germany s capital The efforts of the East German authorities to plan and build this barrier were matched only by the continuing exertions of East German citizens to go over under and around it

dissolution of the USSR and nothing symbolized the split more than the Berlin Wall which literally divided the city Berlin had been a flashpoint even before World War II ended and the city was occupied by the different Allies even as the close of the war turned them into adversaries After the Soviets blockade of West Berlin was prevented by the Berlin Airlift the Eastern Bloc and the Western powers continued to control different sections of the city and by the 1960s East Germany was pushing for a solution to the problem of an enclave of freedom within its borders West Berlin was a haven for highly educated East Germans who wanted freedom and a better life in the West and this brain drain was threatening the survival of the East German economy In order to stop this access to the West through West Berlin had to be cut off so in August 1961 Soviet premier Nikita Khrushchev authorized East German leader Walter Ulbricht to begin construction of what would become known as the Berlin Wall The wall begun on Sunday August 13 would eventually surround the city in spite of global condemnation and the Berlin Wall itself would become the symbol for Communist repression in the Eastern Bloc It also ended Khrushchev's attempts to conclude a peace treaty among the Four Powers the Soviets the Americans the United Kingdom and France and the two German states The wall would serve as a perfect photo opportunity for two presidents Kennedy and Reagan to hammer the Soviet Communists and their repression but the Berlin Wall would stand for nearly 30 years isolating the East from the West It is estimated about 200 people would die trying to cross the wall to defect to the West The Post War Division of Germany and the Construction of the Berlin Wall The History of the Cold War Split Between East and West looks at the history that led to the construction of the Berlin Wall and the manner in which it was built Along with pictures of important people places and events you will learn about the construction of the Berlin Wall like never before in no time at all
