

The Best Seller

Tim McConnehey

The Best Seller:

The Making of a Bestseller Arthur T. Vanderbilt, 1999-01-01 Writer F Scott Fitzgerald's career itself is a metaphor for the vagaries of book publishing. If Fitzgerald would have had his way we would today refer to *The Great Gatsby* as either *Gold Hatted Gatsby* or *Trimalchio in West Egg* or *The High Bouncing Lover*. A few years before *Gatsby*, Fitzgerald had become a literary sensation at the age of 23. Helen Hooven Santmyer, a contemporary of Fitzgerald's, would not have a successful novel published until she was 88 and living in a nursing home. In this book the author explores that mysterious place in publishing where art and commerce can either clash, mesh, or both. Along the way, a wide range of authors from the literary greats to today's commercial superstars, editors, agents, and publishers share their thoughts, insights, and experiences. What inspires writers? John Steinbeck, for example, wrote every novel as if it were his last, as if death were imminent. Why are some books successful and appreciated while others fall into oblivion? The answers are often elusive, never absolute, but the stories and anecdotes are always fascinating.

Dear Appalachia Emily Satterwhite, 2011-10-01 Much criticism has been directed at negative stereotypes of Appalachia perpetuated by movies, television shows, and news media. Books, on the other hand, often draw enthusiastic praise for their celebration of the simplicity and authenticity of the Appalachian region. *Dear Appalachia: Readers' Identity and Popular Fiction since 1878* employs the innovative new strategy of examining fan mail, reviews, and readers' geographic affiliations to understand how readers have imagined the region and what purposes these imagined geographies have served for them. As Emily Satterwhite traces the changing visions of Appalachia across the decades from the Gilded Age (1865-1895) to the present, she finds that every generation has produced an audience hungry for a romantic version of Appalachia. According to Satterwhite, best-selling fiction has portrayed Appalachia as a distinctive place apart from the mainstream United States, has offered cosmopolitan white readers a sense of identity and community, and has engendered feelings of national and cultural pride. Thanks in part to readers' faith in authors as authentic representatives of the regions they write about, Satterwhite argues, regional fiction often plays a role in creating and affirming regional identity. By mapping the geographic locations of fans, *Dear Appalachia* demonstrates that mobile white readers, in particular, including regional elites, have idealized Appalachia as rooted, static, and protected from commercial society in order to reassure themselves that there remains an authentic America untouched by global currents. Investigating texts such as John Fox Jr.'s *The Trail of the Lonesome Pine* (1908), Harriette Arnow's *The Dollmaker* (1954), James Dickey's *Deliverance* (1970), and Charles Frazier's *Cold Mountain* (1997), *Dear Appalachia* moves beyond traditional studies of regional fiction to document the functions of these narratives in the lives of readers, revealing not only what people have thought about Appalachia but why.

10 Secrets to a Bestseller Tim McConnehey, 2018-03-20 A companion to the comprehensive guide that's helped thousands of authors find self-publishing clarity. The world of self-publishing can be daunting at best, completely overwhelming at worst.
