The Bible In Art:

The Bible and Art Janet Mellor, 2016-02-29 This book explores the revelation of God's love in the mystery of the covenant and shows how this potent theological concept has inspired artists through the ages to reflect on the nature of divine interaction with mankind. It traces the development of the covenantal relationship between God and the Jewish people as given in the Hebrew Scriptures and examines the Christian concept of the New Covenant portrayed by Gospel writers and those of the early Church in the New Testament. Alongside this the book matches a variety of artistic work in which these texts are made visible. The reference to over 300 works of art is a mere sample and will inspire readers to research this hugely rich resource both for their own interest and for use in teaching about the Christian faith and its important Jewish roots. Learning in the contemporary world often lifts the emphasis from mere words to illustration and this book shows clearly that throughout history the Christian world has sought to use art to aid understanding of biblical texts. Art continues to be used hand in hand with the Scriptures in present day classrooms as well as in group and individual study. This volume provides a basis for the exploration of God's love in his covenantal relationship with the People of God ancient and modern and will serve to inspire an investigation of the huge range of artistic interpretation which is available through twenty first century technology.

Between the Text and the Canvas J. Cheryl Exum, Ela Nutu, 2009 Can a painting or illustration of a biblical scene help readers understand the Bible. Conversely to what extent can knowledge about a biblical story help viewers appreciate an artist's portrayal of it. Interpreting biblical art is more than a matter of asking whether or not an artist got it right or got it wrong. This lively collection of essays seeks to establish a dialogue between the Bible and art that sees the biblical text and artistic representations of it as equal conversation partners. By looking at texts and canvases from different angles the nine contributors to the volume reveal how biblical interpretation can shed important light on art how art can contribute significantly to biblical interpretation and how each has something distinctive to offer to the interpretative task. Contributions include J Cheryl Exum on Solomon de Bray's Jael Deborah and Barak Hugh S Pyper on depictions of the relationship between David and Jonathan Martin O Kane on the biblical Elijah and his visual afterlives Christina Bucher on the Song of Songs and the enclosed garden motif in fifteenth century paintings and engravings of Mary and the infant Jesus Ela Nutu on differences in the way female and male artists have represented Judith Christine E Joynes on visualizations of Salome's dance Heidi J Hornik on Michele Tosini's Nativity Way to Calvary and Crucifixion as visual narratives Kelly J Baker on Henry Ossawa Tanner's The Annunciation and Nicodemus and Christopher Rowland on William Blake and the New Testament.

Imaging the Bible Martin O'Kane, 2008 *Imaging the Bible* examines how reading the Bible visually can help us appreciate the intricacies of the biblical narrative and shows how the stories of the Bible have been interpreted visually within specific traditions The Bible is seen as not merely a book of doctrine but as the main source of inspiration of the arts in Western Europe The book introduces the reader to the broad and inclusive range of ways that the Bible has been interpreted in the arts from the earliest Christian art through the medieval period and the Renaissance and up to the twentieth century Written for non specialists and assuming no previous knowledge of art history this is an ideal introduction to Biblical art for students and for the general reader The contributors are Andreas Andreopoulos Lampeter Clyde Binfield Sheffield Sarah Boss Lampeter Laura Carnavale Bari Italy Nicholas Davey Dundee Peter French Melbourne Australia John Harvey Wales Heidi Hornik Baylor Texas and John Morgan Guy Lampeter **The Bible in Art** Richard Mühlberger, 1991 Presents masterpieces of art from the Middle Ages to the twentieth century that depict scenes from the New Testament including paintings by Raphael Rembrandt Van Gogh El Greco and others along with a discussion of each work **The Bible in Art** Clifton Harby Levy, 1936 *The Bible in Art* Marcel Brion, 1956 The lives of a fourteen year old Mexican prostitute living in the United States illegally and a wealthy American girl intersect in a dramatic way Told in both English and Spanish Sisters Hermanas tells of Rosa a fourteen year old illegal immigrant from Mexico City and Traci a fourteen year old from the suburbs of Houston Paulsen has done a masterful job of creating two well developed believable characters trapped in environments where the elements of beauty youth and popularity have the highest value and are deemed essential to survival This is an absorbing tale that rings all too true with real life pressures and stressful situations that present no easy choices *The Bible Beautiful* Estelle May Hurl, 1905 ***The Bible Beautiful; a History of Biblical Art*** Estelle May Hurl, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1905 edition Excerpt the prophet s head like a rainbow The angel of the Annunciation comes not alone but with a cloud of baby angels in his train swooping birdlike into the Virgin s bedchamber The Satan of our Lord s temptation is transformed into an angel of light exultingly offering stones to the famished Saviour Christ before Pilate the Ecce Homo and the Procession to Calvary are all strikingly original in treatment leading at last to the Crucifixion which is beyond all comparison the most remarkable and impressive picture of the subject ever painted There are three distinct motives in the composition each in turn the centre of many groups At the right the unrepentant thief s cross lies flat upon the ground and the victim i n toret to is stretching himself in position to be lashed upon it The other thief has reached a later stage of torture being already fastened to his cross which is now pulled into an upright position by ropes By these two groups we are made to see the painful process through which the divine sufferer has passed His cross is now in place and the Saviour s head is thrown into relief against a great disc of light Towering above the

scene the central figure brings into unity the great throng about him The decorations of S Rocco are proof positive that Venice with all her devotion to the pomps and vanities could not altogether escape theology Here is a systematic scheme of Christian dogma pictorially expressed not so completely as in the Sistine Chapel but in the same general way The plan of redemption is outlined from the Fall of Man to the Ascension of the Saviour and the Old and New Testaments are brought together in the significant parallels from the **The Bible in 20th Century Art** ,1987 In an eye opening survey Nicholas Usherwood and Paul Holberton present a treasury of twentieth century biblical works The list of artists are Picasso Dali Nolde Shahn Chagall Spencer and Rouault are but a few and positively fascinating is the inventive often visionary style and content of their art a selection of these varied works is fully reproduced in lavish colour plates and journeying from Genesis to Revelations each is partnered by an extract of the biblical text which was the artist s inspiration BOOK JACKET

Painting the Text Martin O'Kane,2007 In this masterly work Martin O Kane shows artists at work as readers of the Bible and not simply as illustrators of biblical scenes The painter s eye commonly sees nuances and subtleties of plot and characterization in the biblical text that traditional biblical criticism has overlooked Focussing in fine detail on some well known biblical themes the deception of Isaac the depiction of Isaiah s suffering servant the visit of the Magi and the flight into Egypt among others O Kane argues that modern readers need the artist s exegetical insight and engagement to appreciate the text fully Ranging widely over mediaeval Renaissance and modern art the author situates his work within the hermeneutical aesthetics of Hans Georg Gadamer Mieke Bal and Paolo Berdini Some 30 images are reproduced in the text
