The Latin Fakebook:

The Latin Fakebook Brendan Walsh, 1993 **Auténtico** Robert Rodriguez, Andres Tomas Tapia, 2017-08-15 Latinos are on the way to being one third of the U S population by 2050 They re changing the country s talent marketplace and political landscapes in unprecedented ways So why is it that there are so few Latino executives and senior leaders It s what the authors call the 4% Shame the low percentage of Latino corporate executives today Autentico The Definitive Guide to Latino Career Success digs deep to understand the external forces of conscious and unconscious biases and the internal forces that create tensions for many Latinos about whether to assimilate opt out or double down on their cultural identities in their quest to get ahead Insights have been gleaned from in depth interviews with twenty highly successful Latino and Latina Boomer executives as well as from focus groups with dozens of GenX and Millennial Latinx leaders They re synthesized and interpreted through the lenses of the authors two very different personal experiences as Latino leaders in corporate America

Contemporary Latina/o Media Arlene Dávila, Yeidy M. Rivero, 2014-09-12 The cultural politics creating and consuming Latina o mass media Just ten years ago discussions of Latina o media could be safely reduced to a handful of TV channels dominated by Univision and Telemundo Today dramatic changes in the global political economy have resulted in an unprecedented rise in major new media ventures for Latinos as everyone seems to want a piece of the Latina o media market While current scholarship on Latina o media have mostly revolved around important issues of representation and stereotypes this approach does not provide the entire story In *Contemporary Latina o Media* Arlene D vila and Yeidy M Rivero bring together an impressive range of leading scholars to move beyond analyses of media representations going behind the scenes to explore issues of production circulation consumption and political economy that affect Latina o mass media Working across the disciplines of Latina o media cultural studies and communication the contributors examine how Latinos are being affected both by the continued Latin Americanization of genres products and audiences as well as by the whitewashing of mainstream Hollywood media where Latinos have been consistently bypassed While focusing on Spanish language television and radio the essays also touch on the state of Latinos in prime time television and in digital and alternative media Using a transnational approach the volume as a whole explores the ownership importation and circulation of talent and content from Latin America placing the dynamics of the global political economy and cultural politics in the foreground of contemporary analysis of Latina o media **Billboard** , 2008-03-01 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
