Inness, 1997 *Electroshock Hysterectomy Lobotomy* These are only three

of the many cures to which lesbians have been subjected in this century How does a society develop such a profound aversion

to a particular minority In what ways do images in the popular media perpetuate cultural stereotypes about lesbians and to what extent have lesbians been able to subvert and revise those images This book addresses these and other questions by examining how lesbianism has been represented in American popular culture in the twentieth century and how conflicting ideologies have shaped lesbian experiences and identity Book Jacket Queer in Translation B.J. Epstein,Robert Gillett,2017-01-06 As the field of translation studies has developed translators and translation scholars have become more aware of the unacknowledged ideologies inherent both in texts themselves and in the mechanisms that affect their circulation This book both analyses the translation of queerness and applies queer thought to issues of translation It sheds light on the manner in which heteronormative societies influence the selection reading and translation of texts and pays attention to the means by which such heterosexism might be subverted It considers the ways in which queerness can be repressed ignored or made invisible in translation and shows how translations might expose or underline the queerness or the homophobic implications of a given text Balancing the theoretical with the practical this book investigates what is culturally at stake when particular texts are translated from one culture to another raising the question of the relationship between translation colonialism and globalization It also takes the insights derived from intercultural translation studies and applies them to other fields of cultural criticism The first multi focus in depth study on translating queer translating queerly and queering translation this book will be of interest to scholars working in the fields of gender and sexuality queer theory and queer studies literature film studies and translation studies Barrio Bodies Daniel Enrique Pérez,2004 *Spirited Lesbians* Nett Hart,1989 This book is for Lesbians This book is by Lesbians This book is about Lesbian spirit work It starts and ends in a context that is explicitly Lesbian undeniably dykey It examines the resources of individual Lesbians and Lesbian communities for spiritual work It presents the challenge in a precise Lesbian context We all are engaged in spirit work for the life of the species and all species the life of the earth All spirit work is not Lesbian spirit work Each must find the work of her spirit find where her spirit bonds Earth healing requires of each her part If your bond is Lesbian your spirit work is Lesbian If it is not find your community and explore authenticity for yourself in your most exact identity p 9 **The Lesbian Body** Tara Shea Burke,2017 Women's Bodies Jane Arthurs,Jean Grimshaw,1999-03-26 Comprising essays focusing on the representation of women s bodies in historical and contemporary cultures this book compares the two different approaches to the body adopted by a soft porn magazine For Women and Cosmopolitan **Body and Representation** Insa Härtel,Sigrid Schade,2002-01-31 The Body and Representation Feminist Research and Theoretical Perspectives was conceived as two weeks program within the International Women s University s project area BODY by the Center for Feminist Studies ZFS at the University of Bremen and organized in summer 2000 The publication includes results from lectures and seminars and additional contributions adding to main topics Among the issues raised are concepts staging performances and representations of bodies in everyday life political contexts art and new media **Damn Fine Art by New Lesbian Artists**

Cherry Smyth, 1996 Engaging with a wide range of international artists from Mexico to Ireland Cherry Smyth traces the increasing visibility and confidence of lesbian artists in mainstream art and draws on extensive research and interviews with many of the artists themselves The work is not only situated within art historical and feminist traditions but the author also shows how recent dyke artists have subverted and appropriated those conventions with the grand irony of burgeoning dyke camp

Tracing the influence of Sappho's fragmented literary legacy on three 20th century women writers H D Judy Grahn and Monique Wittig this book discusses Sapphic fiction as a genre that emerged throughout the 20th century H D Grahn and Wittig represent three movements that have shaped the approach to the sexual subject and her desires modernism cultural feminism and poststructuralism respectively H D responds to Sappho with an imagistic style that resembles Sappho's terse and clipped lines Grahn recreates the idea of Lesbos as a model for a women centered society Wittig writing from a poststructuralist background alludes to Sappho in her fierce critique of myth and language This study draws on recent debates about the history of sexuality the body and the construction of the self and is meant as a contribution to the ongoing debate on how gender is constructed in modernist and postmodernist discourse
