**The Envy of the Stranger** Caroline Graham,2010-04-01 Someone s watching Someone s waiting The perfect life will always come at a price From the author of the Midsomer Murders novels comes a spine chilling domestic thriller about jealousy and revenge Perfect for fans of Ann Cleeves Sophie Hannah and A J Finn Roz Gilmour is a happy woman with two children a loving husband a successful career as a local radio presenter and a comfortable home in North London Sometimes she can t believe just how fortunate she is But a woman who has everything has everything to lose and Roz s luck is about to change Not everybody is as content as Roz Gilmour There are people who dislike her if only because of the apparent ease and success with which she lives her life And one of them is insane A fame hungry stranger whom Roz has unwittingly snubbed A man who is dangerously delusional and spiralling out of control A man who will stop at nothing to get his revenge Whatever it takes Praise for Caroline Graham s novels Simply the best detective writer since Agatha Christie The Sunday Times One to savour Val McDermid Swift tense and highly alarming Times Literary Supplement Lots of excellent character sketches and the dialogue is lively and convincing Independent

Smith,2008 For centuries scholars have argued that envy is the source of much aggressive behavior as well as the root cause of much

unhappiness but it is only recently that there have been attempts to examine the emotion from an empirical perspective. This book is the first of its kind to offer a comprehensive summary of current theoretical and empirical work on envy provided by scholars from a range of disciplines. The first section of the book focuses on the rich theological, philosophical and evolutionary foundations of scholarly thinking on envy. The second section covers the social psychological work on envy and includes chapters on social comparison processes, definitional challenges, the link between envy and schadenfreude, intergroup envy and fear of envy. The third section covers research on envy from organizational psychology, experimental economics, marketing, neuroscience and anthropology. The fourth section focuses on the implications of understanding envy for physical and mental health with chapters on psychoanalytic conceptions of envy, health psychology and the challenges of coping with envy. A final chapter consists of reflective comments on all the chapters and brings together recurring themes and makes suggestions for future research on envy.
