Sell Yourself With A Sticky Cv:

Voertaal: English Ronald van de Krol, 2009-10-31 For better or worse Dutch is rapidly being supplanted in the workplace by English. Indeed all Dutch professionals worth their salt be they managers academics accountants or lawyers increasingly find that their voertaal or working language has become English. It is for them and all other Dutch readers interested in English that this book has been written. Voertaal English is a collection of lively and informative columns about English aimed specifically at native Dutch speakers. Written by an American journalist of Dutch descent these columns cover everything from the language of CVs to the grammatical challenge of the dangling participle. Along the way readers learn how to pronounce key words in presentations how to get foreigners to say their names properly and how to respond when an American dares make a disparaging reference to a Dutch treat. More than simply a survival guide for Dutch professionals in a globalizing world Voertaal English like its predecessor Native English for Nederlanders is an entertaining survey of the difficulties but also of the joys of speaking proper English. Dit boek is een bundeling van columns in het Engels over de fouten die Nederlanders met name zij die al gevorderd Engels denken te spreken kunnen maken. Het is een vervolg op het populaire Native English for Nederlanders vijf drukken in evenzoveel maanden. Ronald van de Krol werd geboren en groeide op in Amerika en studeerde in Oxford Engeland maar kwam op zijn 25ste naar het land van zijn voorouders terug. Sindsdien werkt hij hier als journalist. Momenteel is hij redacteur bij Het Financieele Dagblad waarvoor hij ook de column De Engelse ziekte schreef.

This book will help you not make the same silly mistakes I see everyday. You will be amazed. This book will show you how to start a consulting business and explains what is consulting. The book will also explain how I became a contractor and how I made over 1 million pounds on my own. I was earning 11k per year within 4 years of leaving University as a computer programmer. I had just got married bought a house and was working long hours to pay the bills. Yes we all know what it's like. Give your family what they deserve.
