Master Musicians by Harriette Brower I PALESTRINA To learn something of the life and labors of Palestrina one of the earliest as well as one of the greatest musicians we must go back in the world's history nearly four hundred years And even then we may not be able to discover all the events of his life as some of the records have been lost But we have the main facts and know that Palestrina's name will be revered for all time as the man who strove to make sacred music the expression of lofty and spiritual meaning Upon a hoary spur of the Apennines stands the crumbling town of Palestrina It is very old now it was old when Rome was young Four hundred years ago Palestrina was dominated by the great castle of its lords the proud Colonnas Naturally the town was much more important in those days than it is to day At that time there lived in Palestrina a peasant pair Sante Pierluigi and his wife Maria who seem to have been an honest couple and not grindingly poor since the will of Sante's mother has lately been found in which she bequeathed a house in Palestrina to her two sons Besides this she left behind a fine store of bed linen mattresses and cooking utensils Maria Gismondi also had a little property We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
