Strange Death Of Vincent Foster An Investigation:

The Strange Death of Vincent Foster Christopher Ruddy, 2002-04-05 On a humid July day in 1993 White House deputy counsel Vincent W Foster was found dead in Fort Marcy Park in suburban Virginia One of the nation s highest ranking federal officers Foster was a boyhood friend of President Bill Clinton and a close confidant of First Lady Hillary Rodham Clinton His death sent shock waves through the White House and the nation s capital The death was quickly pronounced a suicide According to the official story that soon emerged Foster was depressed angry and isolated With nowhere else to turn he went to a secluded park near the Potomac River put a gun in his mouth and killed himself But is that what really happened In this compelling and fully documented report investigative journalist Christopher Ruddy answers that critical question Ruddy who has covered the case almost from the start details the disturbing inconsistencies surrounding Foster s alleged suicide chronicles the botched investigations documents the frenzied illegal activity in the White House in the hours after Foster s death and notes the persistent failure of mainstream media to ask the right questions Throughout his thorough investigation of the available forensic and circumstantial evidence Ruddy weaves a disturbing tale of cover ups abuse of power police and prosecutorial incompetence and press indifference His startling conclusion that despite the official line Foster could not have killed himself in Fort Marcy Park will persuade even the most skeptical reader to demand a full public investigation into the mysterious circumstances of the death of Vincent Foster and the troubling events in its aftermath

Catastrophe Christopher Ruddy,Carl Limbacher,2002 Catastrophe begins on January 20 1993 when William Jefferson Clinton took the oath of office swearing to preserve protect and defend the Constitution of the United States from enemies both foreign and domestic and chronicles the next 8 years leading to the events of September 11 2001 This book demonstrates that the events of September 11 were not only predictable after eight years of Clinton they were also preventable Catastrophe exposes what really happened during the Clinton years and how Bill Clinton and his administration systematically undermined America s national security by emasculating the U S military and nations intelligence agencies Bill Clinton made America vulnerable to attack Great dangers still threaten us But to prepare for them we must understand how they were caused Only then can we take the appropriate measures to ensure America s security *Biography* ,1998 An interdisciplinary quarterly **Evidence Stories** Richard O. Lempert,2006 The ideal book to complement a problem based evidence course this new title brings to life some of Evidence Law s most important and interesting cases and the principles they represent This publication contains essays by leading evidence scholars discussing the stories behind landmark cases and illuminating principles and materials across the evidence curriculum The seldom told stories behind cases where evidence plays a significant role are now told with important illustrations of the development application and importance of the rules of evidence **The Complete Idiot's Guide to Impeachment of the President** Steven D. a body double during her campaign Regardless of the accuracy the themes get repeated until they are accepted by many as truth It s called the smear Sophisticated operatives work behind the scenes to establish narratives manipulate journalists and shape the images you see everyday Nothing is by accident Now investigative journalist Sharyl Attkisson takes you behind the scenes of the modern smear machine exploring how operatives from super PACs corporations and both sides of the political aisle have manipulated a complicit mainstream media to make disinformation rumor and dirty tricks defining traits of our democracy And she doesn t just tell stories she names names sharing her deeply researched account of how smears take shape and who their perpetrators are from Clinton confidant Sidney Blumenthal to liberal political operative David Brock Dissecting the most divisive partisan election in American history she explores how both sides used every smear tactic as a political weapon culminating in Donald Trump s victory even as his detractors have continued their smears against him into the Oval Office What emerges is a timely assault on the mainstream media s willingness to sacrifice ethics for clicks and the cynical politicians and high paid consultants who exploit this reality Attkisson exposes the diabolical tactics of Smear artists and their outrageous access to the biggest names in political media operatives who are corrupting the political process and discouraging widespread citizen involvement in our democracy **Military History** ,1997-04
