Story Porch With Bill Cosby:

The Video Source Book David J. WEINER,1990 *Bowker's Complete Video Directory* ,2000 **Behind the Laughs** Michael P. Jeffries,2017-08-15 Comedy is a brutal business When comedians define success they don t talk about money they talk about not quitting They work in a business where even big names work for free and the inequalities of race class and gender create real barriers But they also work in a business where people still believe that hard work and talent lead to the big time How do people working in comedy sustain these contradictions and keep laughing In *Behind the Laughs* Michael P Jeffries brings readers into the world of comedy to reveal its dark corners and share its buoyant lifeblood He draws on conversations with comedians as well as club owners bookers and managers to show the extraordinary social connections professional humor demands Not only do comedians have to read their audience night after night but they must also create lasting bonds across the profession to get gigs in the first place Comedy is not a meritocracy and its rewards are not often fame and fortune Only performers who know the rules of their community are able to make it a career **Bowker's Directory of Videocassettes for Children 1999** R R Bowker Publishing,Bowker,1999-03 **Stories from Scowtown** Bob Mulcrone,2022-09-06 *Stories FROM Scowtown* is a collection of short stories about our life on our floating home and the community of personalities who lived there Our little enclave of floating homes attracted an assortment of folks from artists to athletes to teachers and retirees The homes were a collection of sweet little cottages dotted with flower baskets to sleek contemporary homes with mirrored walls and white furniture Others chose a more casual approach with their home constructing it with anything that floated by So pour yourself a glass of iced tea sit back in your lounge chair and enjoy the stories Then close your eyes and dream with the setting sun on your face *Life Sentences* Anthony B. Pinn,Gregory Colleton,2007-10-01 Whether from established authors or by writers new to fiction the short stories in this volume explore life as change using Ecclesiastes 3 1 8 as the lens The writers come from different backgrounds perspectives and levels of familiarity with the short story but what ties them together is a willingness to creatively explore the raw and more uncomfortable dimensions of life big events and small happenings all bound up by a recognition of the inevitability and discomfort of change Each writer has a story to tell a creative and imaginative angle on life as it happens somewhere to someone *Life Sentences* represents an experiment a recognition of and confrontation with the depth of culture and culture s life maps with the ways in which the joys and troubles of life are given meaning This collection attempts to address these large and small challenges and dynamics of life without the jargon of the professional philosopher or theologian but with the more earthy language of popular culture the short story **LIFE** ,1968-03-15 *LIFE Magazine* is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use *Summer Snow* Trudier Harris,2003-04-15 Trudier Harris will tell you that

African Americans who consider themselves Southern are about as rare as summer snow But Harris has always embraced the South and in *Summer Snow* she explores her experience as a black Southerner and how it has shaped her into the writer and intellectual she has become From the Trade Paperback edition [How To Watch Television](#) Ethan Thompson, Jason Mittell, 2013-09-16 Examines social and cultural phenomena through the lens of different television shows We all have opinions about the television shows we watch but television criticism is about much more than simply evaluating the merits of a particular show and deeming it good or bad Rather criticism uses the close examination of a television program to explore that program's cultural significance creative strategies and its place in a broader social context *How to Watch Television* brings together forty original essays from today's leading scholars on television culture writing about the programs they care and think the most about Each essay focuses on a particular television show demonstrating one way to read the program and through it our media culture The essays model how to practice media criticism in accessible language providing critical insights through analysis suggesting a way of looking at TV that students and interested viewers might emulate The contributors discuss a wide range of television programs past and present covering many formats and genres spanning fiction and non fiction broadcast and cable providing a broad representation of the programs that are likely to be covered in a media studies course While the book primarily focuses on American television important programs with international origins and transnational circulation are also covered Addressing television series from the medium's earliest days to contemporary online transformations of television *How to Watch Television* is designed to engender classroom discussion among television critics of all backgrounds *Cable Vision*, 2000 The premium entertainment magazine
