## **Stranded Rock And Roll For A Desert Island:**

**Stranded** Greil Marcus, 1979 In 1978 Greil Marcus asked twenty other writers on rock including Dave Marsh Lester Bangs Nick Tosches Ellen Willis Simon Frith and Robert Christgau a question what one rock and roll album would you take to a desert island The resulting essays were collected in *Stranded* twenty passionate declarations that appropriately affirmed the solitary and obsessive activity that rock listening had become Here are salutes elegies thank you notes and love letters to records such as The Rolling Stones *Beggars Banquet* The Ramones *Rocket to Russia* Captain Beefheart's *Trout Mask Replica* *Something Else* by the Kinks and out of print classics by the Ronettes Little Willie John and Huey Piano Smith the whole is supplemented with Marcus's own invaluable annotated fifty page discography a *Treasure Island* of rock and roll *Stranded* remains a classic of rock and roll literature and perhaps the best possible answer to the question what one rock and roll book would you take to a desert island

**Captain Beefheart's Trout Mask Replica** Kevin Courrier, 2007-03-23 In the spring of 1969 the inauspicious release of Captain Beefheart and the Magic Band's *Trout Mask Replica* a double album featuring 28 stream of consciousness songs filled with abstract rhythms and guttural bellows dramatically altered the pop landscape Yet even if the album did cast its radical vision over the future of music much of the record's artistic strength is actually drawn from the past This book examines how Beefheart's incomparable opus an album that divided rather than united a pop audience is informed by a variety of diverse sources *Trout Mask Replica* is a hybrid of poetic declarations inspired by both Walt Whitman and the beat poets the field hollers of the Delta Blues the urban blues of Howlin' Wolf the gospel blues of Blind Willie Johnson and the free jazz of Ornette Coleman This book illustrates how *Trout Mask Replica* was not so much an arcane specimen of the avant garde but rather a defiantly original declaration of the American imagination

**Teenage Nervous Breakdown** David Walley, 2006 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company

**I'll Take You There** Bill Friskics-Warren, 2006-09-01 The urge to connect with that which transcends our experience be it a higher power another person or some artistic ideal or aspect of nature is one of the things that makes us human People view the object of this quest as well as what it means to achieve it differently Yet regardless of how it is understood the urge to participate in or belong to something greater and more lasting than ourselves a feeling born of an awareness of our mortality is what defines us as spiritual beings Though often dismissed as ephemeral or worse demonic popular music has given voice to this quest for transcendence since its beginnings Pop singers are rarely as outwardly spiritual as say their gospel counterparts they're forever pointing beyond themselves though be it to some better future some higher ideal or to some vision of deliverance Fontella Bass's *Rescue Me* the Four Tops's *Reach Out I'll Be There* Jimmy Cliff's *Many Rivers to Cross* Afrika Bambaataa's *Looking for the Perfect Beat* and U2's *I Still Haven't Found What I'm Looking For* are but a handful of popular recordings from the past few decades that express a longing for something more What other than transcendence is Jimi Hendrix talking about in *Purple Haze* when he shouts scuse me while I kiss the sky Or Van Morrison in *Caravan* when he

implores us to crank our radios and sail away with him into the mystic Heard in the right light secular and even carnal records have the power to speak to transcendental concerns galvanizing their historical and cultural moments Regardless of their spiritual leanings all of the subjects discussed in this book including Public Enemy Madonna Sleater Kinney Tricky Johnny Cash Nine Inch Nails Moby Marvin Gaye Eminem Polly Harvey Bruce Springsteen and Sly the Family Stone make music that expresses a basic striving for transcendence Artists stories and personalities inform these discussions but only in as much as they illuminate the struggles and concerns that run through their music I ll Take You There is a beautifully written wide ranging and illuminating examination of some of the most potent popular music ever recorded     **High Fidelity** ,1980     **The CD Rock & Roll Library** Bill Shapiro,1988 Reviewing more than 500 discs of rock and roll music the author analyzes the source of the recording analog or digital and rates each disc for content and sound quality     Critical Essays in Popular Musicology Allan F. Moore,2007 This reference work reproduces in facsimile form many of the most important and innovative journal articles and papers in the field along with an introductory overview by the editor Allan F Moore     The Guinness Encyclopedia of Popular Music Colin Larkin,1992     **Songtexts/contexts** Larry R. Cagle,1995-04-17 This exploration of the phenomena of Andy Warhol s influence on glitter rock and pop art reconceptualizes and re evaluates many of the theoretical claims of subculture theory Reconstructing Pop Subculture provides an historical account of the tensions that arose in Western culture during the 1960s and 1970s between various factions which were forced to engage in explicit confrontations dichotomies Cagle proposes a theoretical framework that incorporates notions of productivity with reception and re examines the critical relationships between style youth culture incorporation hegemony and resistance He focuses on the ways in which fans take up trends presented through the mass media and adopt them through disi     **Music, Books on Music, and Sound Recordings** Library of Congress,1983
