Al Tayyib Salih is not merely another writer in the Arab world or in exile The fact that he is a Sudanese author who has spent more years of his life in the West than in the Arab world and who writes in Arabic transforms his literary work into a special phenomenon Although very few of his writings have been published these have been sufficient to make his name known as a prominent voice of an Arab novelist and short story writer Today he is a distinguished writer of modern Arabic literature The importance of this book derives from the fact that al Tayyib Salih deals primarily with a crucial theme in modern Arabic literature the clash between Eastern and Western cultures and sheds an interesting light on this conflict He is aware of the importance of the questions he raises and pursues them because they are at the core of the issue of modernity The question of individual and collective identity during a time of change is therefore a major issue in al Tayyib Salih s work as well as in the work of other prominent Arab authors al Tayyib Salih s uniqueness is evident in the poetic style of his writing in which he combines elements of classical Arabic literature with modern Western literature especially of the English tradition Although it is difficult to pinpoint a reason for his success perhaps the key to understanding the work of al al Tayyib Salih is in its simplicity In poetic terms his literary devices in addition to his usage of various writing techniques are very diverse A prime example of this is the way the author chooses to shape his characters making impressive repeated use of the same characters in a number of his works changing their significance status and centrality thus interconnecting them into a single corpus These poetic elements in addition to the variety of themes raise the standard of writing to the level of poetry on the one hand while giving the reader a sense of his mythical and magical world on the other      Jerusalem Unbound Michael Dumper, 2014-05-27 Jerusalem s formal political borders reveal neither the dynamics of power in the city nor the underlying factors that make an agreement between Israel and the Palestinians so difficult The lines delineating Israeli authority are frequently different from those delineating segregated housing or areas of uneven service provision or parallel national electoral districts of competing educational jurisdictions In particular the city s large number of holy sites and restricted religious compounds create enclaves that continually threaten to undermine the Israeli state s authority and control over the city This lack of congruity between political control and the actual spatial organization and everyday use of the city leaves many areas of occupied East Jerusalem in a kind of twilight zone where citizenship property rights and the enforcement of the rule of law are ambiguously applied Michael Dumper plots a history of Jerusalem that examines this intersecting and multileveled matrix and in so doing is able to portray the constraints on Israeli control over the city and the resilience of Palestinian enclaves after forty five years of Israeli occupation Adding to this complex mix is the role of numerous external

influences religious political financial and cultural so that the city is also a crucible for broader contestation While the Palestinians may not return to their previous preeminence in the city neither will Israel be able to assert a total and irreversible dominance His conclusion is that the city will not only have to be shared but that the sharing will be based upon these many borders and the interplay between history geography and religion      **AB Bookman's Weekly** ,1997      *The Bookseller* ,1886      **The Bookseller and the Stationery Trades' Journal** ,1890 Official organ of the book trade of the United Kingdom      **Publisher and Bookseller** ,1898 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series      Catalogue of English Prose Fiction, Including Juveniles and Translations Brooklyn Public Library,1894      *The Bibliographer* ,1882      **Catalogue** Maggs Bros,1898      **Book-prices Current** ,1888      **Publishers' Weekly** ,1895      **Bookseller and the Stationery Trades' Journal** ,1887      **The American Catalogue** ,1891 American national trade bibliography      British Books ,1910      **The Bookseller** ,1913 Official organ of the book trade of the United Kingdom      **The Publisher** ,1909      **The Publishers' Circular and Booksellers' Record** ,1930
