Labyrinths Of Voice:

A Labyrinth of Voices Rick Ryan, This is the story of Mike Ridley and the experiences he encounters in less than one year s period of time from the fall of 1979 to the summer of 1980 some strange some surreal some more terrifying than any soul could ever imagine including the culmination of his ten year long descent into the clutches of madness Robert Kroetsch and His Works Ann Munton,1992-08 A study of Canadian novelist poet and non fiction writer Robert Kroetsch Labyrinths - Voice - Blind Time Castelli - Sonnabend (New York),1974 Labyrinths of Voice Robert Kroetsch,Shirley C.

d'Etudes Canadiennes (Bruxelles),1990 Lynda Benglis Susan Richmond,2015-03-13 In four decades of abstract art practice Lynda Benglis has not merely challenged the status quo She has tied it in knots melted it down and poured it across the floor cast it in glass clay and bronze Daring and sometimes outrageous her intense and provocative practice has produced some of the most iconic pieces of art from the late twentieth century Richmond gives serious critical attention to work often dismissed as trivial and rootless recovering the themes that link the different phases of the artist s quest to capture the frozen gesture Whether challenging popular tastes and definitions of art with her 1970s abstract knotwork or mocking puritanical aesthetics of gender with her colourful latex pourings and their allusions to corporeal topographies Benglis never failed to provoke Her sculptures commemorate and celebrate the processes of creation themselves combining architectonic abstraction and feminized sensuality in a haunting visceral theme of the strangeness of the body that runs through all her experiments in glass video metals ceramics gold leaf paper and plastics Lynda Benglis Beyond Process examines in depth the work and critical neglect of an artist who perhaps more than any of her contemporaries changed the face of American art in the 1960s and 1970s and continues to fetishise provoke and demand your attention Pictures and the Past Alexander Bigman,2024-06-25

The group of artists known as the Pictures Generation are usually thought to have rebelled against abstract and minimalist art by bringing back figural techniques and borrowing liberally from the aesthetics of mass media and advertising Challenging conventional interpretations of this group Alexander Bigman argues that these artists especially Robert Longo Jack Goldstein Sarah Charlesworth Gretchen Bender and Troy Brauntuch deployed totalitarian and fascist iconography to pose new politically loaded questions about what it means to perceive the world historically in a society saturated by images Throughout he also situates their work in the context of other developments taking place in New York City at the time including music fashion cinema and literature This is a book about art popular culture and memory and especially about how the specter of fascism loomed for these artists in the 1970s and 1980s and the ways it still looms for us today Future Indicative John Moss,John George Moss,1987 The format of this book is arbitrary and exact the way paint is in a landscape by Alex Colville It follows the program of the symposium that took place at the
