Contested Curriculum Don Romesburg, 2025-04-15 Today many states have proposed so called Don't Say Gay bills that prohibit public school teachers from mentioning LGBTQ topics in the classroom But a few states like California have taken decisive steps in the other direction They mandate inclusive education that treats LGBTQ history as essential to the curriculum At once a history of an evolving movement and an activist handbook *Contested Curriculum* navigates the rocky path to LGBTQ inclusive K 12 history education in the United States and recounts the fight for a curriculum that recognizes the value of queer and trans lives What began in fits and starts in activism and educational materials across the late twentieth century led to the passage of California's landmark FAIR Education Act in 2011 ensuring that LGBTQ history has a

place in the K 12 classroom Historian Don Romesburg the lead scholar who worked with advocacy organizations to pass the act recounts the decades long struggle to integrate LGBTQ content into history education policy textbooks and classrooms Looking at California and states that followed its lead he assesses the challenges and opportunities presented by this new way of teaching history Romesburg s powerful case for LGBTQ inclusive education is all the more urgent in this era of anti gay book bans regressive legislation and attempts to diminish the vital role that inclusive and honest history education should play in a democratic nation Joint Documents of the State of Michigan Michigan,1895 **Report of the Commissioner**
