

**Information on Disposal for Users of Waste Electrical & Electronic Equipment
(private households)**

This symbol on the products and/or accompanying documents means that used electrical and electronic products should not be mixed with general household waste.

For proper treatment, recovery and recycling, please take these products to designated collection points, where they will be accepted on a free of charge basis. Alternatively, in some countries you may be able to return your products to your local retailer upon the purchase of an equivalent new product.

Disposing of this product correctly will help to save valuable resources and prevent any potential negative effects on human health and the environment which could otherwise arise from inappropriate

waste handling. Please contact your local authority for further details of your nearest designated collection point.

Penalties may be applicable for incorrect disposal of this waste, in accordance with national legislation.

For business users in the European Union

If you wish to discard electrical and electronic equipment, please contact your dealer or supplier for further information.

Information on Disposal in other Countries outside the European Union

This symbol is only valid in the European Union.

If you wish to discard this product, please contact your local authorities or dealer and ask for the correct method of disposal.

mechanical testing of metals astm e643 standard

astm e643 techlab systems - Mar 30 2022

web standard test method for the deformation of sheet metal material by the ball punch the ball punch deformation test is widely used to evaluate and compare the formability of metallic sheet materials biaxial stretching is the predominant mode of deformation that occurs during the test and therefore the results are used more frequently to

astm e643 standard test method for ball punch deformation - Jun 13 2023
