Sources Of English Constitutional History:

Sources of English Constitutional History Carl Stephenson, Frederick George Marcham, 1937 Britain's unwritten constitution depends upon a long succession of writs, oaths, ordinances, charters, grants, cases, and the like. The most important of those from 600 to 1937 are gathered into one volume. *Sources of English Constitutional History* Sources Of English ...1938 *Sources of English Constitutional History* Carl Stephenson, Frederick George Marcham, 1962 The Sources and Literature of English History from the Earliest Times to about 1485 Charles Gross, 1900 **Selections from the sources of English history, a suppl. to text-books of English history B.C. 55-A.D. 1832, arranged and ed. by C.W. J. Medley, 2015-06-26 Excerpt from *Original Illustrations of English Constitutional History* Teachers of Constitutional History have often asked for a single volume of selected documents suitable to the needs of the ordinary student. This book is an attempt to meet that demand. It was planned some years ago but my transference from Oxford to Glasgow and the preoccupations of a busy life have stood in the way of an earlier publication. My desire has been to choose a few leading documents and certain groups of documents illustrating important subjects to quote these so far as space would permit in their entirety and to explain passages in them by reference to extracts from other authoritative sources. Over such a vast field naturally the choice has been difficult. Many of the charters and statutes to be selected are sufficiently obvious but beyond these probably no two teachers of the subject would compile identical lists.
