Sport in Journalism and Fiction in the United States Today Karsten Senkbeil, 2007-04-30 Thesis M A from the year 2005 in the subject American Studies Culture and Applied Geography grade 1 0 University of Osnabr ck language English abstract This book with the title Sports in Journalism and Fiction in the United States Today by Karsten Senkbeil analyzes the imagery and rhetoric in the public representation of the two most popular American sports namely Baseball and American Football The research is twofold on the one hand a corpus consisting of journalistic texts which appeared on the internet and dealt with one of these sports was assembled and quantitative and qualitative analyses of the rhetoric in these texts was executed with software tools from Corpus Linguistics Central concern was the analysis in respect of national ideology and myth commercialization and imagery if heroism On the other hand a hermeneutic literary analysis of works by contemporary American authors DeLillo Coover Roth and others which had sport as a central topic examined whether and how the imagery and rhetoric found in the corpus analysis was mirrored and critically dealt with on a literary level Results are manifold Both sports the modern and aggressive American Football and the pastoral conservative baseball turn out to be recognized as emblematic expressions of typical American values As national pastimes they are more than distractive spectacles but inherit and re enact parts of American national ideology Militaristic and imperialistic undertones are often found in the corpus and these attitudes are critically and ironically reflected by literary authors An examination of religious metaphors showed how mass media spectator sport has acquired a status of quasi religious myth making its values and belief systems intermixing with and superimposing on classic religious and national

myths Commercialization in sports and economic globalization is greeted with suspicion by both sports journalists and authors Instead American professional sport turns out to be a spectacle built around folk heroes whose status and media representation shows how the American public cherishes individual success As Apollonian and Dionysian heroes athletes succeed by embodying genius and creativity at the same time orderliness and conservatism
