Sports Law Cases And Materials:

Sports Law Raymond L. Yasser, James R. McCurdy, C. Peter Goplerud, 1994 Sports Law Raymond L. Yasser, 2003

Sports Law Walter T. Champion, 2005 Finally a true survey of Sports Law This exciting new text covers all the issues all the parties all the law and all the practical skills needed to develop a solid understanding of this burgeoning area Sports Law is a user friendly practice oriented text that will make your course as lively as the field it covers The author skillfully blends topics and materials to offer an integrated approach to the subject the text incorporates the breadth of issues relating to Sports Law such as contracts torts agents eligibility women and sports antitrust labor law international law discipline the NCAA intellectual property and criminal law without belaboring the less practical topics explanatory materials introduce each of the major cases such as Philadelphia Ball Club v Lajoie Zinn v Parrish Los Angeles Memorial Coliseum Commission v National Football League National Collegiate Athletic Association v Board of Regents of the University of Oklahoma NCAA v Tarkanian and Martin v PGA Tour Inc sample documents including NCAA regulations collective bargaining agreements waivers contracts and statutes are presented as part of the text so students can view them in context Questions and Discussion sections tie together the material and help motivate students to analyze it Instructors can turn to Sports Law Cases Documents and Materials with confidence because the book is equally useful in both law school and graduate level courses a comprehensive Teacher s Manual includes suggestions for lectures sample questions projects draft lectures and sample exams Professor Champion is an exceptionally gifted and popular teacher who also has written two highly successful books on Sports Law and more than 500 articles on the topic guest hosted a popular radio program on related issues served as an agent and was a general manager of a minor league professional basketball team Sports Law Russ VerSteeg, Jack P. Sahl, 2019 *Sports Law and Regulation* Matthew J. Mitten, 2009 Suitable for use as a primary text in either a two or three credit general sports law course Sports Law and Regulation explores both amateur and professional sports as well as issues common to both industries A comprehensive collection of cases and materials provides balanced perspective and flexible coverage Sports Law and Regulation Cases Materials and Problems features landmark historical cases and significant recent cases that reflect the current law regulating the sports industry insightful discussion of the developing law governing amateur and professional sports industries helpful introductions and clear exposition Notes and Questions that suggest philosophical sociological psychological and economic policy issues and themes hypothetical problems skill building exercises in client counseling negotiation and drafting a contract flexible organization supports different teaching objectives for example a focus on amateur sports or professional sports law detailed Teacher s Manual that includes sample syllabi and answers to all of the questions and problems in the casebook Updated throughout The streamlined Second Edition includes updates to principal cases to reflect recent developments in Sports Law discussion and materials that reflect the globalization of sports additional review problems With a balance of text cases materials and skill development problems

Sports Law and Regulation presents an interdisciplinary perspective on the law governing amateur and professional sports. Flexible and comprehensive, this casebook supports and complements your teaching objectives and preferences. A Teacher's Manual may be available for this book. Teacher's Manuals are a professional courtesy offered to professors only. For more information or to request a copy, please contact Aspen Publishers at 800 950 5259 or legaledu@wolterskluwer.com. Sports Law Russ VerSteeg, 2007. Most Sports Law students are passionate about sports and would love to work in the field of Sports Law. That goal has shaped the content of this book. Although there are precious few opportunities for students to become sports agents, there are thousands of other opportunities available for lawyers in the world of sports: Leagues, conferences, schools, teams, shoe and apparel companies, equipment companies, and media, both electronic and print, have jobs that would be fabulous for a sports nut with a law degree. Thus, although this book does have a chapter on Sports Agency, it covers a broad range of other topics and issues dealing with both professional and amateur sports. Familiarity with a variety of topics will provide the best foundation for students to determine which aspects of Sports Law they would like to pursue. This book is designed to be used in three types of classes. First, these materials can be used in a standard 2 or 3 credit law school Sports Law course. In addition, the book includes explanations about the elementary principles of each legal topic, e.g., torts, contracts, constitutional law, antitrust, etc., so that professors who teach Sports Law to undergraduates can use it in their classes. Those same explanations also make the book appropriate for graduate students studying Sports Law in many graduate programs such as Exercise and Sports Management. *Sports Law* Michael J. Cozzillio, Mark S. Levinstein, 1997. **Sports Law** Patrick K. Thornton, 2010-02-04. Sports Law looks at major court cases, statutes, and regulations that explore a variety of legal issues in the sports industry. The early chapters provide an overview of sports law in general terms and explore its impact on race, politics, religion, and everyday affairs. Later chapters address hot button issues such as gender equity, drug testing, and discrimination. Written from a sport management perspective rather than from a lawyer's, this text covers all the major areas presented in sports law today, including cases relating to torts, contracts, intellectual property, and agents. Factual scenarios throughout the text allow students to critically examine and apply sport management principles to legal issues facing the sports executive. Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition. TM Champion, 2005-05-01. **Modern Sports Law** Jack Anderson, 2010-10-26. The aim of this book is to provide an account of how the law influences the operation, administration, and playing of modern sports. Although the book focuses on legal doctrine, it has been written bearing in mind sport's historical, cultural, social, and economic context, including the drama and colour of sport's major events and leading personalities. And although it is inevitably very much concerned with elite professional sports, it is not dominated by them and seeks to cover the widest possible range of sports, professional and amateur. Initially, the book addresses practical issues such as the structures of national and international sport and examines the evolution of the body of law known as sports law. Thereafter, three main themes are identified: regulatory

participatory and financial aspects of modern sport The regulatory theme is dealt with in chapters considering the manner in which decisions of sports governing bodies may be challenged in the ordinary courts and the development of alternative dispute resolution mechanisms in sport The participatory theme includes the legal regulation of doping and violence in sport as well as the broader topic of tortious liability for sporting injuries The financial theme reflecting the enhanced commercialisation of sport at all levels is developed in chapters concerning issues in applied contract and employment law for players and legal matters surrounding the organisation of major sports events The conclusion summarises modern sport s experience of EU law pointing the way to the future direction of sports law more generally While the book is aimed primarily at students and is designed to cover fundamental and topical areas of sports law sports law in general sports bodies and the courts arbitration in sport corruption doping violence civil liability discrimination the commodification of modern sport and the likely future of sports law it should also prove of wider interest to practitioners sports administrators and governing bodies and though focused primarily on UK law it will also appeal to readers in Australia Canada New Zealand and the USA

Sports Law Raymond L. Yasser,2000 **Legal Decisions That Shaped Modern Baseball** Patrick K.

Thornton,2014-01-10 This work takes a look at the cases that have had a significant influence on the game of baseball such as Flood v Kuhn and Garvey v MLB which either made it to the U S Supreme Court or brought up major legal issues in baseball Also included are cases that explore legal issues in baseball but are not as well known and cases that appear in most sports law books For each case the historical and legal significance of the decision is discussed **Sports Law** Russ

VerSteeg,2015-01 **Cases and Materials on Law and Economics** David W. Barnes,Lynn A. Stout,1992 Economic analysis can shed light on the consequences of the law s murky operations by focusing on the incentives created by the law Applying economic principles to legal problems brings a better understanding of the implications of legal rules Cases and Materials on Professional Sports Law Lionel S. Sobel,1976 Entertainment and Sports Law Bibliography ,1992 **Sports**

Law in Zimbabwe Tinashe Madebwe,Jimcall Pfumorodze,Emma Chitsove,Thabo Fiona Khumalo,2022-09-20 Derived from the renowned multi volume International Encyclopaedia of Laws this practical analysis of sports law in Zimbabwe deals with the regulation of sports activity by both public authorities and private sports organizations The growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations Sports law at a national or organizational level thus gains a growing relevance in comparative law The book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities Self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play However the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities This form of regulation appears in a variety

of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport It is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and responsibility for injuries are legally measured This monograph fills a gap in the legal literature by giving academics practitioners sports organizations and policy makers access to sports law at this specific level Lawyers representing parties with interests in Zimbabwe will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law Cases, Materials, and Problems on General Practice Insurance Law Kenneth H. York, John W. Whelan, 1988 **Law and Business of the Sports Industries** Robert C. Berry, Glenn M. Wong, 1993-09-30 First issued in 1986 this volume and its companion on professional sports leagues were soon recognized as one of a kind an ideal source for the sports law practitioner Now the editors provide a thoroughly revised and updated version The volume identifies the most significant and current cases in amateur sports and overlap areas in professional sports such as tort liability and criminal law It provides extensive analysis and interpretation of each case in clear readable and lively style While designed as a text in sports law and sports management the volume also serves as a comprehensive handbook for professionals in law firms the leagues associations and among agents *Sports Law CB* Raymond L. Yasser, 1985-08-26 To find more information on Rowman Littlefield titles please visit us at www.rowmanlittlefield.com
