**The Saving of Sports Ministry** Linville Greg, 2020-02-06 As the Sports Outreach Movement enters its eighth decade it has yet to produce a definitive Theology of Competition Sport and Sports Ministry. This book, *The Saving of Sports Ministry: The Soteriology of Sports Outreach*, is written to fill one specific aspect of that void and vacuum. As the fourth book in *The Institutes of Sports Outreach Book Series* published by Overwhelming Victory Press, it seeks to answer such questions as: What do sports ministries mean when they say they got someone saved? What does success mean for sports ministries? Is having someone pray the Sinner's Prayer the same as Making Disciples? Is Baptism necessary? How does Church membership fit into the disciple making process? How do athletes integrate their sport and faith? Is sports ministry truly effective in reaching those far from Jesus and His Church?

**Sports Outreach** Steve Connor, 2003 Steve Connor, a specialist in sports ministry, shows us why sports ministry is a great idea for today's church. This is not just a book about how to get people feverishly active in all kinds of sports; it is a thoughtful look at developing a carefully balanced approach as part of your church strategy. Steve shows you how to get the whole church onside, develop the workers, and make an impact in your area. He shows the history of sports ministry and its biblical foundations. He not only tells us WHY we should do it, he then goes on to show HOW to do it and gives us different programme models to follow or adapt. Sports ministry does not just stop on the field of play. Steve then shows you how to bring the activity indoors by integrating people into the life of the church. Unleash the huge potential of Sports ministry in your area with *Sports Outreach*.

The essays in this collection, written by some of the leading scholars in Popular Culture Studies, turn the page on the new millennium to see what are the directions of approach and the opportunities to be gained in recognition of the compelling need for studies in everyday cultures. These essays help chart the course for themes and directions of such studies into the new world that is waiting to be born. Their value is indispensable.
