Springboard To Early Learning Encouraging Children From Birth To 4 Years:

Springboard to Early Learning Kerrie Shanahan,2005 **Children's Learning in Primary Schools** Mike Cowdray,2012-09-11 What does learning look like What are different subjects really about Why are transferable skills so important How can we overcome the difficulties that children encounter in their learning And what questions and prompts are likely to prove useful in helping children to get the most out of their lessons The over arching role of Teaching Assistants is to support teaching and learning in schools To do this effectively they need to understand the curriculum content of all the subjects in which they provide support and know what learning outcomes are sought This accessible book provides an overview of the knowledge skills understanding and attitudes that children learn in each subject in their primary years Written with the non subject specialist in mind and drawing on research and best practice in the classroom this extremely practical book aims to provide the reader with the information they need to deliver focused lessons to individual pupils groups or the whole class concentrate on the most important elements when making classroom resources make valuable assessments of the children's learning and keep useful records of their achievements progress and difficulties take a full part in discussions with colleagues selecting objectives devising interesting activities and delivering exciting lessons in each of the subjects Including a wide range of examples and activities this book will prove an invaluable companion for all students working on STLS and Foundation Degree courses and Teaching Assistants currently working in primary schools *Teaching the Sustainable Development Goals to Young Citizens (10-16 years)* Anne M. Dolan,2024-05-31 With the current climate and economic crises education for sustainability has never been more critical This timely and essential book encourages readers to rethink our current values systems and to interrogate common assumptions about our world Written for all educators with an interest in sustainability chapters address several possible future scenarios for our planet allowing readers to make more educated choices about sustainability and to transfer this knowledge to students within the classroom Each chapter focuses on a specific Sustainable Development Goal Beginning with a brief historical and theoretical introduction to contextualise the goal chapters then showcase the practical activities case studies and exemplars that teachers can adopt when teaching Topics explored include but are not limited to Poverty Renewable energy Climate change Peace and justice Human rights Access to education This book is an essential classroom resource for any teacher or student teacher wishing to promote the Sustainable Development Goals and to teach for a better and brighter future **Month-By-Month Collaborative Books for Young Learners** Mary Beth Spann,2000-09 This collection presents 20 reproducible rhyming selections that invite young learners to think about and reflect upon the world around them Each selection showcases favorite early childhood concepts such as families Thanksgiving and birthdays Page 5 Resources in Education ,1988 *Transforming Early Head Start Home Visiting* Bridget A. Walsh,Jennifer A. Mortensen,2019-10-29 Research on home visiting shows that Early Head Start EHS home based programs benefit from additional training and resources that streamline philosophy and content In

this essential guide Walsh and Mortensen propose that alignment with Family Life Education's FLE strengths based methodology results in greater consistency through a model of prevention education and collaboration with families. This text is the first to outline linkages between FLE and EHS home visiting. It explores a qualitative study of FLE integrated in a current EHS home based program and application of FLE methodology to home visiting topics. This approach will influence professional practice and provide a foundation for developing evidence based home visiting practices. Online content accompanies the text with videos demonstrating the FLE approach in action and discussion questions to encourage engagement with and understanding of the core material. Transforming Early Head Start Home Visiting A Family Life Education Approach is essential reading for upper level undergraduate and masters students in family studies and early childhood education as well as practitioners working with children and families. *School Library Journal*, 2009
