

A nighttime photograph of a city square, likely in London. On the left is a large, ornate building with a dome and many lit windows. In the center and right are other buildings, some with flags on poles. The square is filled with streetlights and some people are visible in the distance. A small, dark, conical tree stands in the foreground on the right.

Square Mile Of Murder:

The Square Mile Murder James Ward, 2019-08-26 After a chance skirmish with an armed killer in central London agent John Mordred ends up in hospital condition critical Six weeks and a full recovery later he s persuaded it s purely a police matter so one he should forget about But nothing in MI7 is ever that simple There s more to this particular incident than meets the eye and unnamed people in high places want it investigating They believe Mordred s the man for the job Add to the mix five missing IMF officials the kidnapping of a top British financier in Venezuela evidence of a related cover up in Whitehall a young and unpredictable London Lord Mayor with acute delusions of grandeur plus most bizarrely persistent rumours of local UFO sightings and things threaten to spin radically out of control Suddenly Mordred s life is on the line again This time alongside those of innumerable others And it s him versus the clock Square Mile of Murder Jack House, Steven Wiggins, 2002-06-30 Four of the world s greatest murders took place within a square mile of Glasgow s city centre during the latter part of Queen Victoria s rein These horrific murders were committed not in the East End as expected but in the fashionable and respectable West End of Glasgow Madeline Smith was accused and found not guilty of lacing her doomed lover s late night cocoa with arsenic an eighty three year old woman was brutally battered to death and Jessie McPherson was brutally struck forty times with a meat cleaver in a case considered by some authorities to be the finest in the world However by far the most chilling crimes are those of Dr Edward William Pritchard The Human Crocodile who had the coffin lid unscrewed so that he could kiss the lips of the wife he had calculatingly murdered by slow poisoning Glasgow is a city renowned for its crime and violence but little has been documented about Victorian crime This timely new edition of a classic best seller is the first of its kind and is as valid today as ever **Crime Within the Square Mile** Ernest Nicholls, 1935 *Square Mile of Murder* Jack House, 1961 **Mapping and Analysing Crime Data** Alex Hirschfield, Kate Bowers, 2001-04-26 One of the key methods of reducing and dealing with criminal activity is to accurately gauge and then analyse the geographical distribution of crime from small scale to large scale areas Once the police and government know what areas suffer most from criminal activity they can assess why this is the case and then deal with it in the most effective way Crime mapping and the spatial analysis of crime data have become recognised as powerful tools for the study and control of crime Much of the emerging demand for more information and detailed crime pattern analysis have been driven by legislative changes such as the UK s new Crime and Disorder Act which has placed a joint statutory duty on Police Forces and Local Authorities to produce crime and disorder audits for their areas The book sets out methods used in the fields of Geographical Information Systems and highlights areas of best practice examines the types of problems to which spatial crime analysis can be applied reviews the capabilities and limitations of existing techniques and explores the future directions of spatial crime analysis and the need for training It centres on a series of case studies highlighting the experiences of academics and practitioners in agencies centrally involved in the partnership approach to crime prevention

Practitioners and academics not only in the UK but also worldwide should be interested in the book as an up to date information resource and a practical guide

POLICE REPORTS OF THE NORTHERN AND SOUTHERN DIVISIONS OF THE BOMBAY PRESIDENCY FOR 1870 ,1872 **Little War in London** James Ward,2019-08-26 After an acrimonious US election whose outcome Moscow may or may not have influenced can it really be that a few maverick intelligence agents from Russia and the United States are fighting a discreet battle to the death on some of London s back streets And that the corpses are piling up out of sight of the British police And even that the whole thing could spiral at any moment into God knows what version of World War Three Or is that just more fake news Well luckily no it isn t Not yet anyway Because the media still hasn t heard about it But that could change When MI7 Agent John Mordred is assigned to investigate he discovers a veritable Schr dinger s Cat situation in which the relevant facts are neither wholly present nor entirely absent And where some of the evidence lies closer to home than is comfortable Slowly possibilities emerge that surpass his greatest apprehensions Or do they Just what is the truth anyway and why do we care *Annual Report* Los Angeles (Calif.). Police Department,1950 **The Big Six** Anthony Pate,Edwin E. Hamilton,1991 **The Crime of poverty** Henry George,1885 **Twentieth Century Crime & Mystery Writers** NA NA,2015-12-25 **The Square Mile of Murder Revisited** A. M. Nicol,2025-10 **Report of the ... Meeting of the British Association for the Advancement of Science** ,1883 **The Oxford Handbook of Environmental Criminology** Gerben Bruinsma,Shane D. Johnson,2018

The study of how the environment local geography and physical locations influence crime has a long history that stretches across many research traditions These include the neighborhood effects approach developed in the 1920s the criminology of place and a newer approach that attends to the perception of crime in communities Aided by new technologies and improved data reporting in recent decades research in environmental criminology has developed rapidly within each of these approaches Yet research in the subfield remains fragmented and competing theories are rarely examined together The Oxford Handbook of Environmental Criminology takes a unique approach and synthesizes the contributions of existing methods to better integrate the subfield as a whole Gerben J N Bruinsma and Shane D Johnson have assembled a cast of top scholars to provide an in depth source for understanding how and why physical setting can influence the emergence of crime affect the environment and impact individual or group behavior The contributors address how changes in the environment global connectivity and technology provide more criminal opportunities and new ways of committing old crimes They also explore how crimes committed in countries with distinct cultural practices like China and West Africa might lead to different spatial patterns of crime This is a state of the art compendium on environmental criminology that reflects the diverse research and theory developed across the western world

Report on the Administration of the Hyderabad Assigned Districts ,1881 Juvenile offenders William Douglas Morrison,1897 *Report of the ... Meeting of the British Association for the Advancement of Science* British Association for the Advancement of Science,1883 **More Guns, Less Crime** John

R. Lott, 2013-01-29 On its initial publication in 1998 John R Lott's *More Guns Less Crime* drew both lavish praise and heated criticism. More than a decade later it continues to play a key role in ongoing arguments over gun control laws despite all the attacks by gun control advocates; no one has ever been able to refute Lott's simple startling conclusion that more guns mean less crime. Relying on the most rigorously comprehensive data analysis ever conducted on crime statistics and right to carry laws, the book directly challenges common perceptions about the relationship of guns, crime, and violence. For this third edition, Lott draws on an additional ten years of data, including provocative analysis of the effects of gun bans in Chicago and Washington D C that brings the book fully up to date and further bolsters its central contention. *Deadly Angel* Fred Rosen, 2009-06-30 An astonishing true story of bizarre love and lethal obsession in America's last frontier. Mechele Hughes came to Wasilla, Alaska pop 4200 looking for a new life and easy money. As an exotic dancer at the Great Alaskan Bush Company in nearby Anchorage, she was soon earning thousands a night and getting expensive gifts from admiring male clients. Three in particular fell under her spell. Each claimed to be engaged to her, and they all lived with her together in the same house. But in May 1996 the bullet-ridden body of Kent T T Leppink, a local fisherman and one of her fiancés, was discovered in a wooded area ninety miles away, possibly slain by suitor number two, John Carlin III, at the stripper's urging. Ten years would elapse before the arrests and trials of Mechele Hughes, Linehan, and John Carlin III. Was the real Mechele a murderess, a ruthless sexual manipulator, as the prosecution claimed, killing for insurance money, or the loving wife and mother she had since become, dedicated to children, animals, and charitable causes. **Report of the ... Meeting**, 1883
