Math Explorations and Applications Stephen S. Willoughby, Carl Bereiter, Peter Hilton, Joseph H. Rubinstein, WrightGroup/McGraw-Hill Staff, 2002-07 [Home Learning Year by Year](#) Rebecca Rupp, 2009-02-04 Finally homeschoolers have a comprehensive guide to designing a homeschool curriculum from one of the country's foremost homeschooling experts. Rebecca Rupp presents a structured plan to ensure that your children will learn what they need to know when they need to know it from preschool through high school. Based on the traditional pre K through 12th grade structure, *Home Learning Year by Year* features the integral subjects to be covered within each grade. Standards for knowledge that should be acquired by your child at each level. Recommended books to use as texts for every subject. Guidelines for the importance of each topic which knowledge is essential and which is best for more expansive study based on your child's personal interests. Suggestions for how to sensitively approach less academic subjects such as sex education and physical fitness. **Guide to Math Materials** Phyllis J. Perry, 1997-02-15 Now it's easy to locate the materials you need to implement the new NCTM math standards. Organized by such math topics as problem solving, estimation, number sense, and numeration and geometry and spatial relationships, this book shows users where to find manipulatives and materials such as attribute blocks, pattern blocks, clocks, scales, multilink cubes and prisms, calculators and sorting toys. It also lists specialized math books, computer software and a host of other learning materials e.g. activity cards, puzzles, posters, games, reproducibles. The author briefly describes each product, cites grade level when given, and explains possible applications. Products of exceptional quality and value are highlighted and the addresses of publishers and suppliers are given. A real time saver. Grades K-4. **Creative Home Schooling** Lisa Rivero, 2002 A guide for parents about home schooling, including advice on getting started, adjusting to new roles, designing schoolwork to be fun and educational, social and emotional growth.
