

Syria And Iran Rivalry And Cooperation

Husayn Agha,Aḥmad Sāmiḥ Khālidī

Syria And Iran Rivalry And Cooperation:

Syria and Iran Husayn Agha, Ahmad Sāmīḥ Khālidī, 1995 The strategic relationship which emerged between Damascus and Tehran in the late 1970s remains one of the least comprehended aspects of Middle East politics. This relationship has endured for almost a decade and a half despite many predictions of its imminent demise. However the recent breakthrough in the Arab Israeli dispute threatens once again to put a strain on bilateral ties. This paper provides a reappraisal of relations between Iran and Syria.

Syria and Iran Hussein J. Agha, Husayn Aghā, Ahmad Sāmīḥ Khālidī, 1995 **Syria and the New World Order** Neil Quilliam, 1999 The advent of the New World Order has challenged Syria's role in the Middle East.

Traditionally viewed as a pariah state and a Soviet satellite Syria's future looked uncertain as the balance of world power moved out of Soviet into US control causing the withdrawal of Soviet support and threatening Syria's quest for regional hegemony. Syria however has been able to adapt to the transformation in the world order. Dr Quilliam maintains that Syrian foreign policy has been determined by both domestic politics and international political realities. He begins by defining Syria in terms of its domestic arena its geography both physical and political natural resources history population and economy. He then discusses the governing system of the country detailing the different political parties and how the system actually functions in Syria. Moving to the international political system the author then expands upon the regional balance of power and Syria's relations with her neighbors. Following a rational policy the Syrian state was compelled to realign itself with the US led world order in an attempt to pursue regional hegemony. It was able to do this by joining the US led coalition forces in the liberation of Kuwait in 1990-91 and was rewarded with a place in the postwar regional order and a central role in the Madrid Peace Conference. Syria and the New World Order is a clear and comprehensive account of Syria's adjustment to the realities of the day.

Turkish Policy Quarterly, 2005 **Bulletin of Regional Cooperation in the Middle East**, 1995

Journal of the United Service Institution of India United Service Institution of India, 1996 **Between Damascus and Jerusalem** Habib C. Malik, 1997 **Syria, the United States, and the War on Terror in the Middle East** Robert G.

Rabil, 2006-02-28 Ever since Syria won its independence from France in 1946 it has been a crucial player in Middle Eastern politics. Over the years relations between the United States and Syria have fluctuated as Washington has tried to balance its commitment to Israel's security with its support for Arab regimes in order to protect vital and strategic interests in the Arab world. The Arab Israeli conflict is however no longer the only focal point of the relationship. Now terrorism has entered the fray. On the State Department's terrorism list since 1979 Syria became even more persona non grata as far as Washington was concerned when Damascus vocally opposed the US invasion of Iraq in 2003. The American war in Iraq occupation and promotion of democracy throughout the Middle East pose a strong challenge to the Syrian regime. The new Syrian leadership in power only since 2000 faces immense challenges protecting Syria's regional status and surviving internal and external threats. Against this background Syria and the United States have set themselves on a collision course over terrorism arms

proliferation Lebanon the Middle East peace process and Iraq Syria is nevertheless extremely important to the United States because it can be a force for either stability or instability in an extremely volatile region Recent events have put the spotlight on Syria s policies and actions After the assassination of a Lebanese politician protests in Lebanon led to the withdrawal of Syrian troops While the withdrawal averted an immediate threat of bloodshed the Bush administration accused Syria of being a source of instability in the Middle East with Secretary of State Rice charging that Syria was still active in Lebanon and was supporting foreign terrorists fueling the insurgency in Iraq The U S Syrian relationship is of critical importance to the United States efforts to promote democracy throughout the Middle East At the same time the United States has been pressuring Syria to clamp down on terrorism within its own borders Rabil provides a history of the modern U S Syrian relationship putting the latest events in the context of this contemporary history and placing the relationship in the context of Middle Eastern politics *Pathways to Peace* Joel Peters,1996 In this account the author pieces together the details of a process that has so often been shrouded in secrecy The multilateral talks involve some 40 countries meeting regularly to address the long term issues that affect the Middle East including arms control and economic development The author discusses the nature of the process so far how the talks have broken barriers between Israel and the Arab world and makes a number of suggestions for strengthening the talks framework *Global Studies* William Spencer,1998 This edition includes country reports and current statistics for the countries of the Middle East with regional essays underscoring the current and historical significance of Islam as well as the forces that make the Middle East a theatre of conflict in the world *Index Islamicus* ,1995 *Damascus, Jerusalem, and Washington* Itamar Rabinovich,2009-03-25 This analysis paper brings together three interrelated issues 1 The Israeli Syrian relationship i e the two countries conflict and the efforts to resolve it 2 Washington s bilateral relationship with Damascus 3 And the role played by these two issues within the larger context of U S policy in the Middle East preface p xi *American Book Publishing Record* ,1995 **JPRS Report** ,1989 *Co-operative Security and Non-offensive Defence in the Zone of War* Yannis A. Stivachtis,2001 The decades of the 1980s and 1990s represented the golden era of alternative security reflected politically in the idea of co operative security and militarily in proposals concerning the adoption by states of non offensive defence strategies Alternative security aimed at addressing the political and military problems in Europe created by the East West confrontation When the Cold War ended efforts were undertaken to apply the principles of co operative security and non offensive defence in world regions other than Europe However political realities have prevented many states from adopting such policies and strategies This volume seeks to provide an empirical contribution to the existing literature on co operative security and non offensive defence by focusing on the Greek Turkish and the Arab Israeli conflicts It argues that for states living in what has been called the zone of war the adoption of policies of co operative security and non offensive defence is highly unlikely and to a considerable degree dangerous A set of conditions is put forward as a prerequisite for the acceptance and implementation of the above mentioned

policies by the states concerned It has been written in such a way that it can be used as a textbook by students or anyone else interested in security analysis strategic studies and international relations It has been based on the idea that the three fields are so interconnected that any effort to examine an issue in the light of only one of these fields may seriously distort reality The book can also be useful to those interested in the Greek Turkish and the Arab Israeli conflicts It examines not only the issues in dispute but most importantly it points to the strategic logic which underlines the policies and attitudes of the actors involved in these conflicts

The Soviet-Syrian Alliance and Security of the Middle East, Jerusalem, Israel, October 19-21, 1986 ,1987 *NDU Journal* ,2018

Inter-Arab Alliances Curtis R. Ryan,2009

The topic of international relations in the Arab world is as complex as it is important Ryan gives the reader the theoretical background and shows its direct applicability through the foreign policy of Jordan

Iran's Rivalry with Saudi Arabia Between the Gulf Wars

Henner Fürtig,2002 With ongoing international dependence on the Gulf region for oil supplies information about the roots of the bitter rivalry between Iran and Saudi Arabia has become increasingly important

This book examines the attitude of the Islamic Republic of Iran towards the Kingdom of Saudi Arabia from the early days of Iran's Islamic Revolution of 1979 80

until the Second Gulf War and its aftermath in the 1990s

The Political Economy of Total War

Georgetown University. School of Foreign Service,1942
