*Economic Reform And Cross-strait Relations: Taiwan And China In The Wto* Julian Chang,Steven M Goldstein,2007-07-26 This book provides a discussion of the general impact of WTO membership on both sides of the Taiwan Strait and addresses the political and economic impact on cross Strait relations of common membership The book begins with an introduction which analyzes the state of cross Strait economic and political relations on the eve of dual accession to the WTO and briefly introduces the chapters which follow The first chapter discusses the concessions made by both sides in their accession agreements and is followed by two chapters which describe the manner in which the Taiwan economy was reformed to achieve compliance as well as the specific restrictive trade regime that was put into place to manage mainland trade The next two chapters deal with the implications of that restrictive trade regime for the Taiwan economy in Asia and with the nature of the interactions between the two sides within the WTO The final four chapters of the volume examine the impact of membership on four sectors of the economy finance agriculture electronics and automobiles There is a post script which briefly covers developments since the chapters were completed **China-Taiwan Rapprochement** Min-Hua

Chiang,2015-10-30 This book examines how since about 2008 the economy of Taiwan has become ever more deeply integrated into the economy of China It goes beyond a consideration of trade and investment flows and discusses also the large population flows the growing integration of the two financial systems and the nature of the deep economic integration at the industry and firm level It considers the impact of growing economic integration on society and politics assesses how China Taiwan economic integration is affecting the East Asian region more widely and explores the implications for international relations including the United States dominance in the region Overall the book presents a comprehensive analysis of all the issues **Taiwan's Capital Market Reform** Brian Semkow,1994 Taiwan s Capital Market Reform examines from a unique interdisciplinary financial legal and economic framework the history current status and future prospects of capital market reform in Taiwan Taiwan emerged as a very important regional economy in the Asia Pacific in the 1980s ranking among the top twenty in the world and its economy is forecast to double by 2000 AD This development along

with its eventual admission into GATT among other bodies will increase Taiwan's global stature. The system of financial markets has grown commensurably with the economy and substantial steps have been taken to liberalize and internationalize Taiwan's capital markets. This work examines the significance these measures have for domestic and foreign corporations and governments and individual and institutional investors in Taiwan, Asia and the rest of the world. **Bibliographie**

**Mensuelle** United Nations Library (Geneva, Switzerland), 1993 Journal of Chinese Law, 1993 **UCLA Pacific Basin Law Journal**, 1994 The Politics of Financial Development in Taiwan Chyuan-yuan Wu, 1992. This dissertation is written in

the tradition of the latest resurgence in economic sociology. It intends to contribute to this literature by examining the political embeddedness of financial development in an East Asian newly industrializing country. I have tried to chart a position between free markets and state control of the financial system as against Taiwan's postwar experience. This effort helps to lay the groundwork for an economic sociology of finance that will broaden our understandings of the variety of ways in which the financial system can be organized with different kinds of consequences. **Regulating Open Banking**

Chang-Hsien Tsai, Kuan-Jung Peng, 2022-11-29. FinTech transformations have brought changes to the global financial markets and merit the attention of financial regulators across jurisdictions. This book is one of the first ones of its kind to look at open banking (OB). It examines regulatory approaches to OB by taking a broad view of comparative legal systems and through perspectives of transaction costs, public choice and institutional design. The book looks at the legal implications by engaging in a two-tiered comparative analysis comparing between compulsory and voluntary approaches to OB policies and comparing the legal systems between the West (i.e. the EU and the UK) and an Asian economy (i.e. Taiwan). **Asia's Financial Markets**
