Cohen,2001 This second edition provides a broad based survey of topics relevant to girls and women s participation in sport The contributing authors are leading authorities in their respective

disciplines The topics directly relate to courses in women in sport gender issues women s studies sport in American society and twentieth century herstory Anyone interested in the women s sports movement and issues related to women s opportunities for sports participation should find this text a valuable resource **The Women's Movement Today** Leslie Heywood,2006 The second wave of feminism of Gloria Steinem and Betty Friedan has given way to the third generation These volumes introduce this wave s key issues members visions and writings with more than 70 contributors offering essays on subjects from abortion to zines *Sport and Gender in Canada* Kevin Young,Philip White,2007 This contributed volume includes articles on sport and gender written by leading scholars in their areas of expertise Part I demonstrates that 1 the relationship between sport and gender has not developed in a smooth uncontested or linear way that always privileges all males and always discriminates against all females and 2 that the relationship between sport and gender can best be understood sociologically by tracing the intersections between sport gender and other ways that Canadian life has been and remains stratified such as social class age race ethnicity and sexuality In Chapter 1 Melissa Parker and Philip White explore the chronological development of theoretical frameworks addressing both the gendering of sport and what it means to be gendered in sport Michael Atkinson argues in Chapter 2 that there is a strong link between types of research methods used and knowledge claims made by researchers In Cultural Struggle and Resistance Gender History and Canadian Sport M Ann Hall traces the early moments of organized women s sport in Canada to show that women s sport in Canada is built on far stronger foundations than is often assumed In the following chapter Kevin Wamsley argues that not all men were privileged by early Canadian sport practices For instance he outlines the process through which sport became an arena for the construction of particular types of masculinity notably masculinities that helped reinforce the dominance of powerful groups of men Beginning from the premise that Canadian society and thus Canadian sport is far from classless Peter Donnelly and Jean Harvey provide numerous examples in Chapter 6 to show that there have been major social class and gender inequalities throughout the history of sport Again we are reminded that gender is a complex and multidimensional phenomenon that can best be understood if we trace power differences not only between different groups of men and women but also between different versions of masculinity and femininity associated with particular social groups social classes and social settings Part II of this book focuses on the work currently being done by leading researchers in the area of sport and gender in Canada on a broad spectrum of sport related topics The chapters reflect a variety of theoretical standpoints and methodological procedures These chapters emphasize the need to study gender in a way that is not only non categorical but perhaps moves beyond the distributive level towards understanding how sport assumes particular forms at particular historical junctures and grows out of relations of power that are determined culturally and reinforced ideologically In Chapter 6 Sally Shaw and Larena Hoeber show how the prevalence of gendered discourses hinders the achievement of gender equity in Canadian amateur sport organizations The idea that there is no singular masculinity and femininity

operating within Canadian sport is developed in Chapter 7 in which Philip White and Kevin Young review research findings on gender and rates and types of sport injury In Chapter 8 Caroline Davis observes that some femininities are more closely associated with body image disorders than others and discusses the biological sociological and psychological factors acting on the relationship between sport physical activity and eating disorders Chapter 9 by Peter Donnelly Who's Fair Game Sport Sexual Harassment and Abuse identifies how power differences tend to exist at the heart of abusive and exploitative sport based relationships Notions of power relations are also central to Chapter 10 written by Patricia Vertinsky and Sandra O'Brien Cousins on the effects of gender on participation in sport among older Canadians Specifically their chapter demonstrates how older women are disadvantaged relative to men when it comes to involvement in sport and physical activity Victoria Paraschak's chapter on sport and Canada's First Nations peoples Chapter 11 provides vivid examples of how unequal gender relations are created and reproduced over time Chapter 12 calls for a collapsing of the rigid binary categories of hetero homosexuality on the grounds that these are used to preclude full and equal gay and lesbian participation in sport Identifying patterns of exclusion from participation in sport and physical activity is also the focus of Chapter 13 which is authored by Wendy Frisby Colleen Reid and Pamela Ponic This chapter demonstrates how a combination of poverty and prevailing municipal recreation department policies seriously limit the opportunities of many women from active recreation In Chapter 14 Brian Wilson explores how the media reinforces taken for granted understandings of gender appropriate orientations toward the body and sport In the following chapter Jamie Bryshun and Kevin Young provide some of the first substantial evidence for the routine involvement of female athletes in initiation hazing rituals in Canada and conclude that power relations between neophyte and veteran female players may be just as aggressive coercive and high risk as those occurring on male teams Sport and Gender in Canada reflects a growing body of work highlighting the diversity that exists among Canadian sportswomen and sportsmen in terms of factors such as age race heritage sexuality and social class To speak of a generic sporting masculinity or femininity or indeed of a generic sporting experience simply does not do justice to the complexity of Canadian sporting life *Channeling Blackness* Darnell M. Hunt, 2005 Blackness has always played a central role in the American imagination Therefore it should not be surprising that popular television a medium that grew up with the Civil Rights Movement has featured blackness as both a foil and a key narrative theme throughout its sixty year existence Ironically in modern colorblind times we are faced with a unique turn of events blackness is actually over represented in television sitcoms and dramas *Channeling Blackness* Studies on Television and Race in America presents fifteen classic and contemporary studies of the shifting complex relationship between popular television and blackness Using a variety of methodological and theoretical approaches these essays examine four key issues that have framed popular and scholarly inquiries into the nature of race on television The black white binary The power of media Distinguishing between negative and positive images The relative importance of markets versus racial motives in television Firmly establishing

popular television as a central cultural forum in our society Channeling Blackness looks at how television has profoundly shaped and been shaped by America's ambivalent relationship with blackness. It provides numerous examples of how our current interaction with television distinguishes the lived experiences of today from those of the past. The book also shows how the entertainment function of television often masks its ideological purpose, particularly its role in reflecting and reproducing America's racial order. A useful supplement in any number of courses on race and society, Channeling Blackness is an ideal text for advanced undergraduate and graduate courses on race and media, media and society, television studies, television criticism, communication studies, and African American and ethnic studies.
