Sporting Architecture:

Sport and Architecture Benjamin S. Flowers, 2017-05-08 Sport and architecture are two elements of contemporary life that have a broad and profound impact on the world around us. The role architecture plays in shaping buildings and societies has occupied historians for centuries. Likewise the cultural, economic and political importance of sport is the subject of sustained academic inquiry. When sport and architecture converge as in the 2012 London Olympics or the 2014 World Cup in Brazil then the impact of these two forms of social activity is redoubled. This book presents a new and dynamic study of the complex relationship between sport and architecture. It explores the history of sport architecture and examines the buildings and events that create sites where sport and architecture converge in particularly telling ways. Its chapters discuss the following topics: sport architecture and urban redevelopment; sport architecture and technology; sport architecture and nationalism; sport architecture as social activism; sport architecture and global capitalism. By considering the importance of architectural form alongside these key themes this book represents a landmark study for anybody interested in the social and cultural significance of architecture or sport.

A special feature is a series of city chapters examining how individual cities deal with their sports complexes and how they use them as a springboard for urban redevelopment. The Stadium also treats a number of topical themes such as the influence of sports fan hooliganism on the design of a stadium and its surroundings; developments in areas of comfort, infrastructure and commerce; advances on the technical front and the working methods of architects specializing in the building of stadiums. In addition to designs by famous architects like Hitoshi Abe, Morphosis, Hani, Rashid and others, The Stadium also features descriptions, photographic documentation and drawings of over 40 legendary stadiums including the Colosseum in Rome, Leninstadium, the Moscow Stadium, Nagano Olympic Stadium, Dodger Stadium in Los Angeles, Soldiers Field in Chicago, Wembley Stadium in London, Arena Amsterdam, the Toronto Sky Dome and many others.
