**Spory królów ze szlachtą w złotym wieku** Anna Sucheni-Grabowska, 1988      **The Polish-Lithuanian Monarchy in European Context, C.1500-1795** R. Butterwick, 2001-06-26 The Polish Lithuanian Commonwealth is often considered an aberration where monarchy was reduced by the nobility to impotence and which was consequently partitioned However historians reappraisal of monarchy in early modern Europe calls for a reconsideration of the extent of Polish Lithuanian divergence The essays of this collection assess the institution and idea of monarchy in one of Europe s largest and most neglected states It will appeal to all those interested in early modern history      **Spory krolow ze szlachta w zlotym wieku** Anna Sucheni-Grabowska, 1988      Early Modern Natural Law in East-Central Europe Gábor Gángó, 2023-04-24 Which works and tenets of early modern natural law reached East Central Europe and how How was it received what influence did it have And how did theorists and users of natural law in East Central Europe enrich the pan European discourse This volume is pioneering in two ways it draws the east of the Empire and its borderlands into the study of natural law and it adds natural law to the practical discourse of this region Drawing on a large amount of previously neglected printed or handwritten sources the authors highlight the impact that Grotius Pufendorf Heineccius and others exerted on the teaching of politics and moral philosophy as well as on policies regarding public law codification praxis or religious toleration Contributors are P ter Bal zs Ivo Cerman Karin Friedrich G bor G ng Anna Grze kowiak Krwawicz Knud Haakonssen Steffen Huber Borb la Lovas Martin P Schennach and J zsef Simon      Jews and Heretics in Catholic Poland Magda Teter, 2005-12-26 Jews and Heretics in Catholic Poland takes issue with historians common contention that the Catholic Church triumphed in Counter reformation Poland In fact the Church s own sources show that the story is far more complex From the rise of the Reformation and the rapid dissemination of these new ideas through printing the Catholic Church was overcome with a strong sense of insecurity The infidel Jews enemies of Christianity became symbols of the Church s weakness and simultaneously instruments of its defence against all of its other adversaries This process helped form a Polish identity that led in the case of Jews to racial anti-Semitism and to the exclusion of Jews from the category of Poles This book portrays Jews not only as victims of Church persecution but as active participants in Polish society who as allies of the nobles placed in positions of power had more influence than has been recognised      Rokosz sandomierski 1606-1609.
