Using Literature to Help Troubled Teenagers Cope with Identity Issues Jeffrey S. Kaplan,1999-11-30 The search for one s identity is an ancient quest reflected throughout history in stories where human glory and conquest are often layered with great pain and self doubt meant to help people discover themselves and who they are Today this quest is found prevalently in young adult novels where characters wrestle with modern dilemmas in order to find themselves This reference resource provides a link for teachers media specialists parents and other adults to those novels and how to use them effectively Educators and therapists explore the literature where common identity issues are addressed in ways intriguing to teens Using fictional characters these experts provide guidance on how to encourage adolescents to cope while improving their reading and writing skills Twelve novels are examined from both a literary and psychological perspective allowing the readers to meet the central figures as if they were living human beings Each chapter is written by a literature specialist who has teamed up with a therapist and confronts a different identity issue examining such dilemmas as body image the father son relationship bigotry and peer relations This pair of experts tries to define the central character s struggle in each novel to discover who they are and to become self actualized individuals Each chapter also provides an annotated bibliography of other works both fiction and nonfiction that explore these same issues to give readers not only the insight into helping teenagers with similar problems but also the tools with which to get teenagers reading and addressing these problems This innovative approach is meant to provide the opportunity for adults and adolescents to better understand each other

Canadian Sikhs Through a Century, 1897-1997 Bhagata Singh, 2001 Race Riot! Mob Lynching! Senseless

Death! Howard James Jordan, 2025-12-23 Howard James Jordan weaves an astute and compelling narrative in his book Race Riot Mob Lynching Senseless Death A Hurricane of Racial Violence Sparked the Civil Rights Movement 1917 1960s where he takes a significant portion of this American history to tackle some important questions about the challenges and triumphs of Black people during that period. It is a pivotal period that connotes the evolution of how Blacks fought to overcome white supremacy and its subsequent impact of discrimination and systematic racism. More than a categorical listing of violent episodes during that time, Jordan also utilizes a laser-focused historical analysis to include a broader view of the reaction of Black people. He details how the impatience of Black people's disenchantment with American ideals was growing as were their hopes for a piece of the American dream. Jordan takes a deep dive into how the violent events of Red Summer also brought into focus the voice and activism of a new range of Black leadership. Their views offered varying perspectives on solutions to the fight for Black equality using books, magazines, and newspapers as their bullhorn. It was at Sarah Lawrence that Jordan cultivated his skills as a wood carver under the tutelage of his Black Studies professor, the late Joan Waite. It was under her guidance that sent Jordan to further his studies in Nigeria. While studying at Nigerian University, Jordan became a field researcher. His subsequent work drew acclaim from his academic field supervisors as impressive qualitatively and quantitatively. Work Donald H.
