## **Syria Iran:**

*The Syria-Iran Axis* Nadia von Maltzahn,2013-06-30 Since the Iranian Revolution of 1979 the close alliance between Syria and Iran has endured for over three decades based on geopolitical interests between the two states and often framed in the language of resistance In view of their strong relationship at a state level what have Syria and Iran each been doing to foster popular exchange and employ cultural tools to build an image in the other country The Syria Iran Axis examines the motivations content and reach of cultural diplomacy between Syria and Iran to determine to what degree the two partners have been successful in bridging their world views and political outlooks By analysing the extent to which a state directed cultural exchange can foster bilateral relations in the Middle East Nadia von Maltzahn offers a unique analysis of the formation of foreign policy and diplomacy in the region

## **Syria and Iran** Jubin M. Goodarzi,2009-04-30

The enduring alliance between Iran and Syria which came about after Iran's 1979 Revolution proved to be a feature of the Middle East's political landscape in the 20th and early 21st centuries Moreover its impact in moulding events and bringing about major changes in this troubled region proved enormously significant Jubin M Goodarzi provides us with the first in depth study on the Syrian Iranian nexus which traces the origins and development of the strategic partnership between Damascus and Tehran from 1979 until the present He argues that contrary to prevailing views due in large part to the authoritarian and unpopular nature of the Syrian and Iranian regimes the alliance between them was conceived as essentially defensive in nature He puts forth an empirical survey with a chronology of events and analyses the key phases in the evolution of the alliance In the process he explains their significance both in terms of how they affected bilateral relations between the two states and their regional implications Through careful research and analysis Goodarzi reveals linkages between major events in the Middle East and crucial decisions that were made in Tehran and Damascus particularly ones that have been overlooked or ignored by regional analysts and scholars These include the impact of the Israeli invasion of Lebanon in 1982 and the subsequent Syrian Iranian consultations on Iran's position regarding the war with Iraq the effects of US Iraqi actions in the Persian Gulf in 1988 and Iran's moves in Lebanon against the wishes of Syria Goodarzi analyses the stability and security of this partnership and assesses its prospects for the future
