**Stormlight, Or, The Nihilist's Doom: A Story of Switzerland and Russia** Joyce Emmerson

Muddock,2020-09-28 From time immemorial Geneva has been the home of conspiracy and the refuge of political adventurers from all parts of the world Nihilism exterminated from its own goil found a congenial atmosphere there and has taken root and flourished When Prince Krapotkin was being tried at Lyons the President of the Tribunal described Geneva as the Cancer of Europe This was severe but it was not altogether an undeserved reproach And if nothing else had justified it the assassination of the late Emperor of Russia would have done so for it was in Geneva beyond all question of doubt that the plot for that dastardly deed was organized The assassins are known to have gone from Geneva direct to Russia and one of them who escaped Russian vengeance a female still lives and finds a refuge and a home under the fostering care of the Swiss Republic If one is asked why the city on the shores of Lake Lemman should have been chosen as the favourite abiding place of those who would reform society arid reconstitute their country by the aid of dynamite and bombshells the answer is easily given It is due to its geographical position One can step out of Geneva into French territory in a few minutes and half a dozen hours will place one on Italian or German soil The advantages of this will at once strike the reader A man commits an offence in Germany say and he flies for shelter to Geneva la time he hears that the German police have a warrant and are seeking permission from the Swiss Government to take him but before this can be done he strolls into France or takes the train or crosses one of the Passes into Italy And before he could be arrested permission from the respective Governments of those countries would have to be sought If a man murders another man in a drunken brawl and flies to an alien country his extradition is simple and easy but if a man slays an Emperor or King or throws a dynamite bomb into the midst of a crowd of innocent people so long as he does it in the name of some political agitation most of the European Governments will afford him protection and shelter and his extradition is a matter of extreme difficulty He is looked upon as a political refugee and political refugees are treated with peculiar leniency and toleration though heaven Knows why The worst sinners in this respect are Switzerland and England and in London and Geneva may be found men who might not inaptly be described as neither ghoul nor human but a mixture of both with the very worst attributes of the latter Geneva is not an extensive city but it has a population of 80 000 souls Within late years it has extended and improved and the so called new town has to a large extent hidden away the squalor and dingy wretchedness of the old As one approaches Geneva from the upper part of the lake and beholds its site it is impossible to prevent a mental exclamation What a wonderful city the French or the Italians would have put there A city of marble surely for on the Simplon a few hours away are exhaustless hoards of marble and it was from these hoards that wonder of the world Milan Cathedral was built All Europe might be ransacked and it would scarcely be possible to find a more beautiful site for a city than that occupied by Geneva at the present day The delightful country the superb lake stretching for fifty six miles the long line of the blue Juras the elevated and rugged crags of the great and little Salfeve that rise to the south and the densely wooded range of the Voirons to the east while further away in the dim distance

are the eternal snows of the mighty Alps and mightiest amongst them all towers the head of hoary Mont Blanc These physical features seen under the aspects of clear atmosphere and sunny skies constitute a panorama that can hardly be outrivalled and even when the winter snows have whitened all the landscape it still possesses a beauty that is enchanting The deeply blue Rhone with its clear sparkling water flows through part of the town while in the western suburbs the white Arve having its birth amongst the eternal snows of Mont Blanc rushes along to wed itself to the Rhone two miles away Whether the traveller directs his steps east west north or south of the city he cannot fail to be struck by the beauty of its surroundings The richness and variety of the foliage the vivid greenness of the grass the profusion of wild flowers which everywhere grow in rank luxuriance the magnificent chestnuts which finding something congenial in the soil the atmosphere or both flourish amazingly the vine clad slopes the rolling country the splendid mountains on which the shifting lights ever play and which are for ever passing through gradations of colour all tend to make up a picture of chaste and artistic beauty And yet this site with all its unique advantages is occupied by an architectural excrescence so to speak and that excrescence has been defined as the Cancer of Europe     *The Last Adventures of Christian Doom, Private I.* Robert Kenny,1982     *An Explication of the Gospel-Theism and the Divinity of the Christian Religion. Containing the true account of the system of the universe, and of the Christian Trinity, etc* Richard Brocklesby,1706     *One Night in Doom House* R. L. Stine,2005 Dragged into a haunted house by his friend Aaron Max finds some objects that he thinks might help his ghost friends Nicky and Tara But when he takes them home for further research he upsets a whole colony of evil ghosts and sends a crazy human melting Heat Ghost after the girl of his dreams When Max realizes what he s done he embarks on a wild ride across town to keep the ghost from melting his classmates Will he make it in time or will his whole school melt into the ground with all his friends inside     *The Hotel/motor Hotel Monthly* ,1916     *The Lunchroom of Doom* Daniel Pinkwater,2000-10 Where is one place you don t want to go alone Remember Werewolf Club members Ralf Alfa Billy Furball Lucy Fang and Norman Gnormal Well they are back Now they wreak havoc on a local restaurant they call The Lunchroom of Doom Tomato catsup squirts Paper straws fly Laughts and weird things abund Don t miss this gripping story of the supernatural     **The Prince of Coincidence** David J.
