The Making of Arab News Noha Mellor, 2005-01-28 Since September 11 Arab and American journalists have been trading barbs accusing each other of bias and a lack of objectivity But is news coverage in Arab countries all that different from American coverage The Making of Arab News draws comparisons including examples of Arabic news language and their English translations to show how Arab news values have been Americanized and how these values are reflected in the language used in the Arab news Noha Mellor further discusses claims that the current development in the Arab news media could be the first step toward democratization

**The Making of Arab News** Noha Mellor, 2005-01-28 Since September 11 Arab and American journalists have been trading barbs accusing each other of bias and a lack of objectivity But is news coverage in Arab countries all that different from American coverage The Making of Arab News draws comparisons including examples of Arabic news language and their English translations to show how Arab news values have been Americanized and how these values are reflected in the language used in the Arab news Noha Mellor further discusses claims that the current development in the Arab news media could be the first step toward democratization *Al-jazeera* Mohammed

El-nawawy, Adel Iskandar, 2008-08-01 Al Jazeera the independent all Arab television news network based in Qatar emerged as ambassador to the Arab world in the events following September 11 2001 Arabic for the peninsula Al Jazeera has scooped the western media conglomerates many times With its exclusive access to Osama Bin Laden and members of the Taliban its reputation has been burnishing quickly through its exposure on CNN even as it strives to maintain its independence as an international free press news network Al Jazeera sheds light on the background of the network how it operates the programs it broadcasts its effects on Arab viewers the reactions of the West and Arab states the implications for the future of news broadcasting in the Middle East and its struggle for a free press and public opinion in the Arab world *How the World's News Media Reacted to 9/11* Tomasz Phudowski, 2007 How Did the World's News Media React to 9 11 Not surprisingly most of the world's news media criticized the terrorists and offered sympathy and support to the United States in the days right after the September 11 2001 attacks But this phase didn't last long With a week or two many of the world's news media even some in Western countries were putting some of the blame for the attacks on the United States citing its history of heavy handed politics around the world Many hoped the attacks would wake up the United States to this fact But the subsequent U S led wars in Afghanistan and Iraq dashed these hopes Today much of the sympathy and support generated from the tragedy has dissipated a replaced instead by a widespread belief that political leadership in the United States is more arrogant intransigent and self absorbed than ever This is the major theme of *How the World's News Media Reacted to 9 11* which contains 22 chapters written by scholars and experts from around the world that examine news media coverage of 9 11 from more than two dozen countries The arrogance theme isn't one that many U S politicians journalists and citizens want to hear But it's the message that the world's news media have been sending and the question now is Will U S media and politicians

listen Other key highlights in this book American TV news channel news executives deliberately excluded controversial U S guests and opinions from their news coverage of 9 11 Chapter 20 Media in Australia Canada and other countries demonized Muslims and Arabs after 9 11 Chapters 18 and 21 Ordinary Arabs and Muslims in the Middle East have distorted views of the United States partly because their media do not provide all of the facts Chapter 15 but Americans too misunderstand Muslims and Arabs because U S media have failed to help Americans understand why much of the world hates their political leadership numerous chapters

**Arab News and Conflict** Samia Bazzi, 2009-10-22 The Arab Israeli struggle is not only a struggle over land but a struggle over language representations Arab reporters as well as politicians believe that their political discourses about the Middle East conflict are objective accurate and credible Arab News and Conflict critically examines the role of language in the representations of events and ideologies found in news media Drawing on socio political linguistic approaches combined with real case studies the author offers a unique discourse analysis model for analysing politically sensitive language in the media The focus in this study is on the Arab media discourse in times of conflict with Israel and the US spanning the years 2001 to 2009 Using rich examples from outspoken Arab media outlets the study explores ideological and language facts about the Arab Israeli conflict This book is compelling reading for students and researchers of media and cultural studies discourse analysis and sociolinguistics and translation It is of equal interest to political analysts political speakers journalists and news editors who need to understand more about the ideological function of the language they use or the political journalistic linguistic nexus of power

**The Arab Press** William A. Rugh, 1979 This book analyzes the news media as institutions to see what forms they have taken in the independent Arab states how the self governing Arab societies have chosen to control them and how they relate to the political processes in the Arab world
