**The Malling of America** William Severini Kowinski,1978 *The Malling of America* William Severini Kowinski,1985 An inside view of shopping malls in America **The Shape of the Future** Ed M. Risse,2000 *The American and English Encyclopaedia of Law: Streets to Tacking ,1894* **America at Home** Victoria Kasuba Matranga,1997 *All about Old Buildings* Diane Maddex,1985 **Journal of American Culture ,1991** **American Life, American People** Neil L. Shumsky,1988 this reader illustrates the nature of life in the United States in the past the focus is on activities that people share the everyday events that occupy them from the time they wake until the time they go to sleep in terms of daily life these include how people worship how they structure their families how they are educated how they are governed how they fit into society and how they make a living Each selection in the book deals with some aspect of these categories with the single exception of politics the selections are organized into chronological time periods that the authors call industrial and modern the selections elucidate the lives of individuals and they also illustrate relationships among people as well as relationships between people and institutions Preface **American Urban Politics in a Global Age** Paul Kantor,Dennis R. Judd,2008 In this thoroughly revised reader two leading scholars bring together a collection of readings that highlight the most important trends in urban scholarship today The engaging selections incorporated into American Urban Politics in the Global Era are arranged and presented within a clear thematic structure and with commentaries by the editors In addition to the political economy perspective emphasized in previous editions of the reader this new edition highlights the impact of globalization on urban politics and policy today The historical and contemporary readings reveal how the interaction of local national and international forces is reshaping the political landscape of urban America **Popular Culture** John G. Nachbar,Kevin Lausé,1992 Popular Culture An Introductory Text provides the means for a new examination of the different faces of the American character in both its historical and contemporary identities The text is highlighted by a series of extensive introductions to various categories of popular culture and by essays that demonstrate how the methods discussed in the introductions can be applied This volume is an exciting beginning for the study of the materials of everyday life that define our culture and confirm our individual senses of identity **The History of the Book in the West** Alexis Weidon,Jane Roberts,Pamela R. Robinson,Ian Anders Gadd,Stephen Colclough,Eleanor F. Shevlin,2010 This collection brings together published papers on key themes which book historians have identified as of particular significance in the history of twentieth century publishing such as the internationalisation of publishing businesses and the book in a multimedia marketplace These reprinted essays feature comparative perspectives and insightful and innovatively presented scholarship from leading scholars in the field **American Decades** Richard Layman,Vincent Tompkins,1994 Examines the changes in American civilization from the beginning of the twentieth century to the present *The McDonalization of Society* George Ritzer,1996 One of the most noteworthy and popular sociology books of all time The McDonalization of Society

It is ideal for use in a wide range of undergraduate courses and will be of equal interest to anyone interested in social criticism. This book links a large number of social phenomena to McDonaldization some which are directly affected by the principles of the fast food restaurant and others where the effect is more indirect
