The Making Of The Russian Nation:

The Making of the Russian Nation Henryk Paszkiewicz,1963 *Lost Kingdom* Serhii Plokhy,2017-10-10 An astonishingly wide ranging history of Russian nationalism chronicling Russia's yearning for Empire and how it has affected its politics for centuries In 2014 Russia annexed Crimea and attempted to seize a portion of Ukraine While the world watched in outrage this violation of national sovereignty was in fact only the latest iteration of a centuries long effort to expand Russian boundaries and create a pan Russian nation In Lost Kingdom award winning historian Serhii Plokhy argues that we can only understand the merging of imperialism and nationalism in Russia today by delving into its history Spanning over two thousand years from the end of the Mongol rule to the present day Plokhy shows how leaders from Ivan the Terrible to Joseph Stalin to Vladimir Putin have exploited existing forms of identity warfare and territorial expansion to achieve imperial supremacy A strikingly ambitious book Lost Kingdom chronicles the long and belligerent history of Russia's empire and nation building quest

Russia's National Security in Aleksandr Dugin's Neo-Eurasianism Marcin Skladanowski,2023-09-05 Aleksandr Dugin is an extremely radical thinker Nevertheless it is worth dealing with his thought because it shows in an exaggerated form how the evolution of social

and political ideas took place in the history of Russia which led to Putin's contemporary neo imperialism. This book presents the Russian discourse on national security against a broader background of global academic reflection. It takes a closer look at the sources and ideological basis of the concept of Russia's security developed by Dugin. It discusses the subject and main dimensions of Russia's national security in Dugin's works and shows the importance of Russia's foreign policy for the creation of its national security.

Russia, Ukraine, and the Breakup of the Soviet Union Roman Szporluk, 2020-02-24 This book chronicles the final two decades in the history of the Soviet Union and presents a story that is often lost in the standard interpretations of the collapse of communism in Eastern Europe and the USSR. Although there were numerous reasons for the collapse of communism, it did not happen as it may have seemed to some overnight. Indeed, says Roman Szporluk, the root causes go back even earlier than 1917. To understand why the USSR broke up the way it did, it is necessary to understand the relationship between the two most important nations of the USSR: Russia and Ukraine during the Soviet period and before, as well as the parallel but interrelated processes of nation formation in both states. Szporluk details a number of often overlooked factors leading to the USSR's fall: how the processes of Russian identity formation were not completed by the time of the communist takeover in 1917, the unification of Ukraine in 1939/1945, and the Soviet period failing to find a resolution of the question of Russian-Ukrainian relations. The present-day conflict in the Caucasus, he asserts, is a sign that the problems of Russian identity remain.

This book describes the collapse of the Soviet Union as a moment of decolonization and the post-1991 constitution building experience as a postcolonial one. Partlett and Küpper's application of the postcolonial paradigm to the former Soviet world adds new facets to postcolonial constitutional theory by presenting a third type of ideology based on colonialism and a third type of decolonization.
