The History of Beaufort County, South Carolina

Lawrence S. Rowland, Alexander Moore, George C. Rogers, Jr., 2020-06-22 The complex colorful history of South Carolina's southeastern corner. In the first volume of *The History of Beaufort County South Carolina* three distinguished historians of the Palmetto State recount more than three centuries of Spanish and French exploration English and Huguenot agriculture and African slave labor as they trace the history of one of North America's oldest European settlements. From the sixteenth century forays of the Spaniards to the invasion of Union forces in 1861 Lawrence S. Rowland, Alexander Moore and George C. Rogers Jr. chronicle the settlement and development of the geographical region comprised of what is now Beaufort, Jasper, Hampton and part of Allendale counties. The authors describe the ill fated attempts of the Spanish and French to settle the Port Royal Sound area and the arrival of the British in 1663 which established the Beaufort District as the southern frontier of English North America. They tell of the region's bloody Indian Wars participation in the American Revolution and golden age of prosperity and influence following the introduction of Sea Island cotton. In charting the approach of civil war Rowland, Moore and Rogers relate Beaufort District's decisive role in the Nullification Crisis and in the cultivation by some of the district's native sons of South Carolina's secessionist movement. Of particular interest they profile the local African American or Gullah population a community that has become well known for the retention of its African cultural and linguistic heritage.

Mansfield Plantation: A Legacy on the Black River Christopher C. Boyle, John Rutledge Parker, 2015-05-04 Standing on the banks of the Black River Mansfield Plantation is a living testament to antebellum rice plantations. In 1718 it started as a five hundred acre land grant near the upstart village of Georgetown. The main house was built around 1800 and the plantation soon grew to nearly one thousand acres. John and Sallie Middleton Parker returned the property to the Man Taylor Lance Parker family a line of ownership dating back 150 years. Ongoing preservation projects ensure that future generations can explore and appreciate one of the most well preserved rice plantations in America. Plantation historian Christopher C. Boyle captures the spirit of Mansfield Plantation and unravels the many mysteries of its past. *South Carolina* Walter B. Edgar, 1998 The authoritative source for the Palmetto State's dramatic history. In this comprehensive history of South Carolina Walter Edgar presents a sweeping chronicle of a state with an illustrious sometimes infamous past. He describes in very human terms 475 years of recorded history in the Palmetto State including the experiences of all South Carolinians those with roots in Africa and in Europe as well as Native Americans male and female rich and poor. In an eminently readable presentation Edgar uses letters, diaries and other writings to let voices from the past take part in telling the state's fascinating story. Recounting the period from the first Spanish exploration to the end of the Civil War Edgar charts South Carolina's rising national and international prominence and its parallel economic ascendancy. He dispels myths about the

state's early history including the notion that the colony was inhabited by a homogeneous white population and tells how South Carolina developed an agricultural economy that relied heavily on African American slave labor Edgar examines among other topics the impact of the American revolution Charleston's significance as a metropolis and major seaport and the state's leadership in the Secession movement With changes wrought by the Civil War South Carolina slipped from national prominence into a period marked by economic social civil and political strife Edgar details the everyday life of blacks and whites during Reconstruction the state's mixed efforts to join the New South and Benjamin Ryan Tillman's rise to power He also chronicles South Carolina's changing politics in the once solid South the state's reawakening after World War II the casualties and victories of an extended civil rights struggle and the Palmetto State's present economic educational and political challenges *The South Carolina Historical Magazine*, 1900 *South Carolina Historical Magazine*, 2004 *The South Carolina Encyclopedia* Walter B. Edgar, 2006 With nearly 2 000 entries and 520 illustrations this comprehensive reference surveys the history and culture of the Palmetto State from A to Z mountains to coast and prehistory to the present

Georgetown County's Historic Cemeteries Sharon Freeman Corey, 2016 Georgetown is the third oldest city in the state of South Carolina and the county seat of Georgetown County Named for King George III of England Georgetown County lies on the Atlantic Ocean surrounding Winyah Bay The county's rivers Santee Sampit Black Pee Dee and Waccamaw were named by the Native Americans who were the area's first inhabitants In 1732 the land was settled by the English French and Scots Their first staple crop was indigo but rice soon became the indisputable king of the Lowcountry and flourished in the marshes along the banks of the county's many rivers creeks and bays By 1850 the county contained more than 175 rice plantations The plantation era ended with the Civil War the loss of enslaved labor and a series of devastating hurricanes Georgetown County's history will forever remain a part of the live oaks and Spanish moss found throughout the county and is retold in every cemetery within Images of America Georgetown County's Historic Cemeteries **Rice to Ruin** Roy Williams III, Alexander Lucas Lofton, 2018-03-26 The saga of the precipitous rise and ultimate fall of the Jonathan Lucas family's rice mill dynasty In the 1780s Jonathan Lucas on a journey from his native England shipwrecked near the Santee Delta of South Carolina about forty miles north of Charleston Lucas the son of English mill owners and builders found himself fortuitously near vast acres of swamp and marshland devoted to rice cultivation When the labor intensive milling process could not keep pace with high crop yields Lucas was asked by planters to build a machine to speed the process In 1787 he introduced the first highly successful water pounding rice mill creating the foundation of an international rice mill dynasty In Rice to Ruin Roy Williams III and Alexander Lucas Lofton recount the saga of the precipitous rise and ultimate fall of that empire Lucas's invention did for rice South Carolina's first great agricultural staple what Eli Whitney did for cotton with his cotton gin With his sons Jonathan Lucas II and William Lucas Lucas built rice mills throughout the lowcountry Eventually the rice kingdom

extended to India Egypt and Europe after the younger Jonathan Lucas moved to London to be at the center of the international rice trade Their lives were grand until the American Civil War and its aftermath The end of slave labor changed the family s fortunes The capital tied up in slaves evaporated the plantations and town houses had to be sold off one by one and the rice fields once described as the gold mines of South Carolina often failed or were no longer planted Disease and debt took its toll on the Lucas clan and in the decades that followed efforts to regain the lost fortune proved futile In the end the once glorious Carolina gold rice fields that had brought riches left the family in ruin
