called Hellas the Phenicians arrived then at this land of Argos and began to dispose of their ship s cargo and on the fifth or sixth day after they had arrived when their goods had been almost all sold there came down to the sea a great company of women and among them the daughter of the king and her name as the Hellenes also agree was Io the daughter of Inachos These standing near to the stern of the ship were buying of the wares such as pleased them most when of a sudden the Phenicians passing the word from one to another made a rush upon them and the greater part of the women escaped by flight but Io and certain others were carried off So they put them on board their ship and forthwith departed sailing away to Egypt 2 In this manner the Persians report that Io came to Egypt not agreeing therein with the Hellenes and this they say was the first beginning of wrongs Then after this they say certain Hellenes but the name of the people they are not able to report put in to the city of Tyre in Phenicia and carried off the king s daughter Europa these would doubtless be Cretans and so they were quits for the former injury The History of Herodotus Herodotus,GEORGE C. The History of Herodotus VOLUME - II
Herodotus Translated by G. C. Macaulay, 2023 **The History of Herodotus** Herodotus, 1912 **The Histories of Herodotus** Hérodote, 1910 **The History of Herodotus. Volume Two** Herodotus, 1910 **The Cambridge History of Classical Literature: Volume 1, Greek Literature, Part 3, Philosophy, History and Oratory** P. E. Easterling, Bernard M. W. Knox, 1989-05-04. This volume ranges in time over a very long period and covers the Greeks' most original contributions to intellectual history. It begins and ends with philosophy but it also includes major sections on historiography and oratory. Although each of these areas had functions which in the modern world would not be considered literary, the ancients made a less sharp distinction between intellectual and artistic production and the authors included in this volume are some of Europe's most powerful stylists: Plato, Herodotus, Thucydides, and Demosthenes.
