work of German diarists who wrote their accounts not postwar with the benefit of hindsight but with genuine integrity at the time as events were unfolding This book explores not just the resistance culminating in the 20 July Plot and the divisions of opinions amongst the various resistance groups but also the reaction of the German public a question which the reader may feel obliged to ask where he or she may have stood under the circumstance of the day and under such a regime **Behind Valkyrie** Peter Hoffmann,2011 While the Valkyrie plot to kill Hitler is the best known instance of German opposition to his dictatorship there were many other significant acts of resistance Behind Valkyrie collects the documents letters and testimonies many available in their entirety and in English for the first time of Germans who fought Hitler from within P 4 of cover **Carl Goerdeler and the Jewish Question, 1933-1942** Peter Hoffmann,2011-07-11 In the 1930s Carl Goerdeler the mayor of Leipzig and as prices commissioner a cabinet level official engaged in active opposition against the persecution of the Jews in Germany and in Eastern Europe He did this openly until 1938 and then secretly in contact with the British Foreign Office Having failed to change Hitler's policy against the Jews Goerdeler joined forces with military and civil conspirators against the regime He was hanged for treason on 2 February 1945 This book describes the actions of Carl Goerdeler the German resistance leader who consistently engaged in efforts to protect the Jews against persecution Using new evidence and thus far under researched documents including a memorandum written by Goerdeler at the end of 1941 with a proposal for the status of the Jews in the world the book fundamentally changes our understanding of Goerdeler's plan and presents a new view of the German resistance to Hitler *Germany and the Origins of the Second World War* Jonathan Wright,2007-08 Jonathan Wright explores the events discusses rival interpretations and places the policies of Hitler in the context of Germany as a whole Wright explains that support rose and fell but nevertheless by December 1941 Hitler had succeeded in carrying Germany into a world war for racial empire Theatre History Studies 2014, Vol. 33 Elizabeth Reitz Mullenix,2014-12-15 Volume 33 of Theatre History Studies explores war War is a paradox horrifying and compelling galvanizing and devastating a phenomenon that separates and decimates while at the same time creating and strengthening national identity and community bonds War is the stuff of great drama War and theatre is a subject of increasing popularity among scholars of theatre The essays in this special edition of Theatre History Studies brings together a unique collection of work by thirteen innovative scholars whose work explores such topics as theatre performances during war times theatre written and performed to resist war and theatre that fosters and promotes war The contributors to this volume write poignantly about nationhood and about how war through both propaganda and protest defines a people The contributors also delve into numerous fascinating themes that transcend time peoples nations and particular conflicts the foundations of nationalism and the concepts of occupied and occupier nostalgia and utopia and patriotism and revolution These essays survey a march of civil and international wars spanning three centuries Arranged chronologically they invite comparisons between themes and trace the development of the major themes of war Ideas manifest in the theatre of one period recall
