## **The House In Paris By Bowen Elizabeth:**

**The House in Paris** Elizabeth Bowen, 2019-06-05 One of Elizabeth Bowen's most artful and psychologically acute novels. The House in Paris is a timeless masterpiece of nuance and atmosphere and represents the very best of Bowen's celebrated oeuvre. When eleven-year-old Henrietta arrives at the Fishers' well-appointed house in Paris, she is prepared to spend her day between trains, looked after by an old friend of her grandmother's. Henrietta longs to see a few sights in the foreign city, little does she know what fascinating secrets the Fisher house itself contains. For Henrietta finds that her visit coincides with that of Leopold, an intense child who has come to Paris to be introduced to the mother he has never known. In the course of a single day, the relations between Leopold, Henrietta's agitated hostess Naomi Fisher, Leopold's mysterious mother, his dead father, and the dying matriarch in bed upstairs come to light slowly and tantalizingly. And when Henrietta leaves the house that evening, it is in possession of the kind of grave knowledge usually reserved only for adults. *The House in Paris*

Elizabeth Bowen, 1979 **Modernism and the Aristocracy** Adam Parkes, 2023 The early twentieth century saw a radical redrawing of Britain's social and political map as its hereditary aristocracy was pushed from the centre to the margins of the nation's affairs. This book traces the literary consequences of the modernist preoccupation with aristocracy that this social change inspired. *Edinburgh Companion to Irish Modernism* Vicki Mahaffey, Sian White, Maud Ellmann, 2021-05-05 The *Edinburgh Companion to Irish Modernism* presents a fresh perspective on received understandings of Irish modernism. The introduction draws connections between modernism in the arts and modernism as a resistant liberal relativist movement within the Catholic Church that was gathering momentum in the same period. In religion as in culture, resistance to orthodoxy has persisted, and for this reason, this companion explores modernist heresies: cultural, aesthetic, critical, epistemological, that stretch back to the late nineteenth century and forward to present day. Contributors widen the temporal, conceptual, generic, and geographical definitions of Irish modernism by investigating crosscurrents between literary form and cultural transformation through the twentieth and twenty-first centuries. The book enriches the canon of Irish modernism by recovering lesser-known works by both neglected and canonical writers, especially women, poets, and novelists. *The House in Paris* Elizabeth Bowen, 1971 **Wastepaper Modernism** Joseph Elkanah Rosenberg, 2021 *Wastepaper Modernism* traces how 20th-century writers imagined the fate of paper at the dawn of a new media age. **Modernity Must Drive** Ann Martin, Christopher Townsend, 2025-12-11 Provides nuanced analyses of modernist engagements with car culture.

**Cross-Channel Modernisms** Claire Davison, 2020-03-27 Explores modernist aesthetics and cultural exchange in Britain, France, and beyond. Offers cutting-edge explorations of different aspects of artistic exchange between Britain and France, written by experts on both sides of the Channel. Provides original close readings of canonical and marginalised modernist texts. Opens up new conceptual paradigms by probing multiple meanings related to crossing and channelling modernism. Organises chapters around three key themes of translating, fashioning, mediating that intervene in the new.

modernist studies Described by Katherine Mansfield in 1921 as a great cold sword between you and your dear love Adventure in the early twentieth century the English Channel or La Manche in French represented both a political and intellectual barrier between European avant gardism and British restraint and a bridge for cultural connection and aesthetic innovation Organised around key terms Translating Fashioning and Mediating this book presents ten original essays by scholars working on both sides of the Channel Cross Channel Modernisms historicises artistic exchanges in Britain France and beyond and proposes a rich conceptual apparatus of crossings and channels through which we can read modernism and understand it as emerging from and intervening in an always already shifting multivalent international context The National Union Catalog, Pre-1956 Imprints Library of Congress, American Library Association.
