*Reading and Mapping Hardy's Roads* Scott Rode, 2006-06-23 This book examines Thomas Hardy's representations of the road and the ways the archaeological and historical record of roads inform his work Through an analysis of the uneven and often competing road signs found within three of his major novels *The Return of the Native* *Tess of the D'Urbervilles* and *Jude the Obscure* and by mapping the road travels of his protagonists this book argues that the road as represented by Hardy provides a palimpsest that critiques the Victorian construction of social and sexual identities Balancing modern exigencies with mythic possibilities Hardy's fictive roads exist as contested spaces that channel desire for middle class assimilation even as they provide the means both to reinforce and to resist conformity to hegemonic authority **Thomas Hardy** Tim Armstrong, 2018-10-08 In *Thomas Hardy Selected Poems* Tim Armstrong brings together over 180 poems in the first comprehensively annotated selection of Hardy's poetry Unlike most previous selections this edition preserves the shape of the poet's career by presenting the poems in the order in which they appeared in the *Collected Poems* of 1930 rather than re-ordering them thematically Head notes to each poem give the reader information about its composition publication sources and metrical scheme on the page notes list significant variants in Hardy's manuscripts point out literary and other allusions and give explanatory glosses An appendix contains a selection of relevant passages from Hardy's notebooks letters and autobiography and a bibliography suggests further reading Tim Armstrong's critical Introduction discusses Hardy's career his poetics his use of memory and allusion and examines his position in the context of Victorian debates on aesthetics and belief The generous selection of poems includes many lesser known poems as well as those which have received most critical commentary and the important elegiac sequence *Poems of 1912-13* is included in its entirety **What Hardy Found** George B. Thompson, 2020-07-10 Twelve year old Hardy has moved to the mountains with his widowed mother The boy loves exploring the land around the family cabin looking for signs of generations gone by Hardy makes an unlikely friend Lily Mae at his new school and she joins him on his outdoor adventures The two amateur explorers befriend Maddy an old woman living in an even older remote house When something terrible happens to Maddy Hardy and Lily Mae are warned to stop their hunting for suppressed clues about the local history Hardy persists anyway and his final discovery draws him even closer to his exploring companion Through the characters and events in this story readers are invited to reflect on the deep struggles of race and identity in America with new insight and fresh hope **The Parliamentary Debates** Great Britain.
