now state there were no bells attached to my cutter and consequently my approach was noiseless I was careful that it should be so also careful to stop short of the front door and leave my horse and Sleigh in the black depths of the pine grove pressing up to the walls on either Side I was sure that all was not as it should be inside these walls but as God lives I had no idea what was amiss or how deeply my own destiny was involved in the step I was about to take About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The House of the Whispering Pines - Scholar's Choice Edition* Anna Katharine Green,2015-02-16 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The House of the Whispering Pines (Large Print)* Anna Katharine Green,2015-05-05 The moon rode high but ominous clouds were rushing towards it clouds heavy with snow I watched these clouds as I drove recklessly desperately over the winter roads I had just missed the desire of my life the one precious treasure which I coveted with my whole undisciplined heart and not being what you call a man of self restraint I was chafed by my defeat far beyond the bounds I have usually set for myself The moon with the wild skurry of clouds hastening to blot it out of sight seemed to mirror the chaos threatening my better impulses and idly keeping it in view I rode on hardly conscious of my course till the rapid recurrence of several well known landmarks warned me that I had taken the longest route home and that in another moment I should be skirting the grounds of The Whispering Pines our country clubhouse
