## **The Historical Origin Of Christianity:**

*The Historical Origin of Christianity* Walter Williams, 1998 *The Historical Origin Of Christianity* by Walter Williams reveals what happened to ancient Egyptian ancestors and how the true origin of Christianity began THE WAY to CHRISTIANITY John Larke, 2014 The earliest Christians wrote their own history to justify their faith and claim a direct line of authoritative teachings based on the words of Jesus As a result a good deal of what they compiled was belief rewritten as though it was history Remarkably after almost two millennia it is possible to recover the authentic origins of Christianity based exclusively on the historical sources rather than belief This shows that the beginnings of Christianity lie in two quite disparate religious groups one of which was exclusively Jewish whilst the other was predominantly gentile The spiritual leadership of the Jewish sect which became known as The Way was provided by a succession of holy men from the same extended family which included Jesus The central prophesy of The Way was the imminent arrival of the Kingdom of God When with God's help the Jewish Nation would overcome Roman occupation and permanently rid itself of foreign domination The kingdom of God was exclusively Jewish and the Gentile world played no part in it After the death of Paul of Tarsus his followers lost their Jewish inheritance and began to see Jesus in ways that were profoundly heretical within Judaism yet wholly acceptable within the Pagan world In particular they claimed that Jesus was the divine Son of God rather than a Son of God in a Jewish sense where a deeply religious Jewish man who did the will of God could be regarded as a true Son of God

Saint Paul** Ernest Renan, 2024-03-05 Reprint of the original first published in 1875 *The Origins of Christianity* Schuyler Brown, 1993-06-24 The life and death of Jesus of Nazareth and the beginnings of the movement which venerated him are of profound religious significance to Christian believers today However these events are also part of our common history and have had enormous influence on the development of Western civilization They are therefore legitimate subjects of historical enquiry The historical introduction to the New Testament investigates the foundation of the new religious movement in the life of Jesus the experiences which acted as a catalyst on missionary activity after his death the factors which led to a separation of the movement from Judaism and the development of the ecclesiastical structure through which Christianity has influenced subsequent secular and religious history **The History of the Origins of Christianity** Ernest Renan, 1890
