The History Herodotus:

The History Of Herodotus Vol-2 Herodotus,2023-05 The History of Herodotus is a monumental work of ancient Greek literature that spans over two volumes Volume 2 of the History of Herodotus written by Herodotus himself continues where the first volume left off recounting the events of the Persian Wars between the Greeks and the Persians The book begins with the story of the Battle of Marathon where the Athenians defeated the Persians in a surprising victory Herodotus then delves into the events leading up to the second Persian invasion including the intrigue and betrayal that took place within the Persian court Throughout the book Herodotus provides rich and detailed descriptions of the cultures and customs of the various peoples involved in the conflict from the Persians to the Greeks to the various tribes of Asia Minor He also includes stories of individual heroism and treachery adding depth and nuance to the historical events he recounts **The History Herodotus**,2010-05-15 David Grene one of the best known translators of the Greek classics splendidly captures the peculiar quality of Herodotus the father of history Here is the historian investigating and judging what he has seen heard and read and seeking out the true causes and consequences of the great deeds of the past In his History the war between the Greeks and Persians the origins of their enmity and all the more general features of the civilizations of the world of his day are seen as a unity and expressed as the vision of one man who as a child lived through the last of the great acts in this universal drama In Grene s remarkable translation and commentary we see the historian as a storyteller combining through his own narration the skeletal historical facts and the imaginative reality toward which his story reaches Herodotus emerges in all his charm and complexity as a writer and the first historian in the Western tradition perhaps unique in the way he has seen the interrelation of fact and fantasy Reading Herodotus in English has never been so much fun Herodotus crowds his fresco like pages with all shades of humanity Whether Herodotus s view is tragic mythical or merely common sense it provided him with a moral salt with which the diversity of mankind could be savored And savor it we do in David Grene s translation Thomas D Evelyn Christian Science Monitor Grene s work is a monument to what translation intends and to what it is hungry to accomplish Herodotus gives more sheer pleasure than almost any other writer Peter Levi New York Times Book Review
