The History Of Ancient Israel And Judah A Compilation:

The History of Ancient Israel and Judah Jerome C. Ross,2003 **A History of Ancient Israel and Judah** James Maxwell Miller,1986-01-01 A significant achievement this book moves our understanding of the history of Israel forward as dramatically as John Bright s A History of Israel Martin Noth s History of Israel and William F Albright s From the Stone Age of Christianity did at an earlier period **Ancient Israel's History** Bill T. Arnold, Richard S. Hess,2014-11-11 The history of Israel is a much debated topic in Old Testament studies On one side are minimalists who find little of historical value in the Hebrew Bible On the other side are those who assume the biblical text is a precise historical record Many serious students of the Bible find themselves between these two positions and would benefit from a careful exploration of issues in Israelite history This substantive history of Israel textbook values the Bible s historical contribution without overlooking critical issues and challenges Featuring the latest scholarship the book introduces students to the current state of research on issues relevant to the study of ancient Israel The editors and contributors all top biblical scholars and historians discuss historical evidence in a readable manner using both canonical and chronological lenses to explore Israelite history Illustrative items such as maps and images visually support the book s content Tables and sidebars are also included *Emmanuel Missionary College Catalog Collection* Emmanuel Missionary College, Emmanuel Missionary College. College of Liberal Arts,1894 **A Classified Catalogue of Theological and Religious Books, Comprising a Large Collection of Standard Works, American and Foreign** Smith, English & Co,1871 **Religious systems of the world, a collection of addresses delivered at South place institute in 1888-89. Revised and in some cases re-written by the authors** Religious systems,1892 **T&T Clark Handbook of Anthropology and the Hebrew Bible** Emanuel Pfoh,2022-12-15 This handbook presents an overview of the main approaches from social and cultural anthropology to the Hebrew Bible Since the late 19th century biblical scholarship has addressed issues and themes related to biblical stories from a perspective which could now be considered socio anthropological It is however only since the 1960s that biblical scholars have started to produce readings and incorporate analytical models drawn directly from social anthropology to widen the interpretive scope of the social and historical data contained in the biblical sources The handbook is arranged into two main thematic parts Part 1 assesses the place of the Bible in social anthropology examines the contribution of ethnoarchaeology to the recovery of the social world of Iron Age Palestine and offers insights from the anthropology of the Mediterranean for the interpretation of the biblical stories Part 2 provides a series of case studies on anthropological themes arising in the Hebrew Bible These include kinship and social organisation death cultural and collective memory and ritualism Contributors also examine how the biblical stories reveal dynamics of power and authority gender and honour and shame and how socio anthropological approaches can reveal these narratives and deepen our knowledge of the human societies and cultural context of the texts Bringing together the expertise of scholars of the Hebrew Bible and Biblical Archaeology this ethnographic introduction
